

Polycyclic Groups

A group is called **polycyclic** if there exists a polycyclic series through the group; i.e. a subnormal series of finite length

with cyclic factors $1 = G_0 \triangleleft G_1 \triangleleft \dots \triangleleft G_n = G$
 G_{i+1}/G_i is cyclic

Polycyclic Presentation

$$P = \langle a_1, \dots, a_n \mid a_j^{a_i} = w_{ij}, a_j^{a_i^{-1}} = v_{ij}, a_k^{r_k} = u_{kk} \rangle$$

$$1 \leq i < j \leq n, k \in I \subset \{1, \dots, n\}, r_i \in \mathbb{N}, i \in I$$

w_{ij}, v_{ij}, u_{ij} words in generators a_{j+1}, \dots, a_n

By induction:

$$\forall w \in P; w = a_1^{e_1} \dots a_n^{e_n} \text{ (normal form)}$$

$$e_i \in \mathbb{Z} \ \& \ 0 \leq e_i \leq r_i \text{ if } i \in I$$

Polycyclic Groups:

Polycyclic Groups: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the engaging narratives that have charmed audiences this year. Polycyclic Groups : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens' "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
