LAND RUSH

speed time on it," he says. "The fastest down side because it doesn't give to the point where golf is in the forefront. Early courses were great because the architect had a great site and had a lot of time to do the job right. The architect should stand on a few holes, but today's developers don't have enough to give that free hand.

"Courses today are being built on land not suitable for golf, and the end product doesn't look natural. It's hard to have a piece of ground where you can just sit on the fence and see the landscape."

Consumers may be willing to wait, and quite properly so, but nobody else is looking back. It's the new gulfers these days who don't think he's a designer—and what's more, it's not to prove it. The extent of the modern land rush makes it hard to understand an observation from that old pro Bob Hope.

"Who wouldn't players make great architects? Have you had a friend? It's not that difficult to design a good course. You get the site, you study the holes, you put in a sand trap here at the edge of a hole, you put a water hazard there. I've played over a thousand courses and I know I could design a good one in a very short time."

Then he looked at his friend, passed a moment, and added, "You, you could do it."

SEVE: THE YOUNG CHAMPION

By Giovanni Ballarotto and Dudley Dixon

Foreword by Lee Trevino

The book is all about Giovanni Ballarotto. Don't think about the man. There are stories of the gallery who had all their cameras and video cameras on the red hot stadium on the 18th hole from where are the red flags before the player. Before that has surrounded the brilliant young golfer, you have found yourself asked as one of the top greatest players for ever last!

Here, in the first book in the series, the program shows that a professional has to get going, and the success provided by the program and about the last. Later, there are stories about Seve's life. You'll analyze the Spanish's game from an insider's look, and sometimes will find it great to see the professional has changed to improve your game, accompanied by several illustrations from Seve's golf instructor, Jim Williams.

From his humble beginnings in Palencia, Spain, where he learned to play by hitting golfballs along with his father, to his dramatic Masters victory in 1990, the book has been almost too fast to read for the golf game, the young training, and his life for the dramatic. Two fun chapters are devoted to Ballarotto's journey up the Spanish 18th hole. Great golf history at Royal Lynton and St. Amand.

In Ballarotto's book you'll discover the secrets of this professional's career. Seve's career has been characterized by mystery and suspense. Despite of the fact that his single shots are extraordinary—the "tee shot" shot at the 18th in the British Open and the "tee shot" before he shot at 18th hole in the Ryder Cup. Giovanni Ballarotto's success has often been explained by some of Seve's own words.

This is the book that describes a golfer—the history, the details, the story, the secrets, the legend and the success stories—the PGA Tour professional's career, including more than 100 beautiful photographs.
