Conference on Functional Programming, 1996 **Programming Languages and Systems** G. Ramalingam, 2008-11-14 This volume contains the proceedings of the 6th Asian Symposium on Programming Languages and Systems APLAS 2008 which took place in Bangalore December 9-11 2008. The symposium was sponsored by the Asian Association for Foundation of Software AAFS and the Indian Institute of Science. It was held at the Indian Institute of Science as part of the institute's centenary celebrations and was co-located with FSTTCS Foundations of Software Technology and Theoretical Computer Science 2008 organized by the Indian Association for Research in Computer Science IARCS. In response to the call for papers 41 full submissions were received. Each submission was reviewed by at least four Program Committee members with the help of external reviewers. The Program Committee meeting was conducted electronically over a 2-week period. After careful discussion the Program Committee selected 20 papers. I would like to sincerely thank all the members of the APLAS 2008 Program Committee for their excellent job and all the external reviewers for their invaluable contribution. The submission and review process was managed using the EasyChair system. In addition to the 20 contributed papers the symposium also featured three invited talks by Dino Distefano (Queen Mary University of London, UK), Radha Jagadeesan (DePaul University, USA) and Simon Peyton Jones (Microsoft Research, Cambridge, UK). Many people have helped to promote APLAS as a high quality forum in Asia to serve programming language researchers worldwide. Following a series of well-attended workshops that were held in Singapore (2000), Daejeon (2001) and Shanghai (2002), the first formal symposiums were held in Beijing (2003), Taipei (2004), Tsukuba (2005), Sydney (2006) and Singapore (2007).
