British Music Hall Richard Anthony Baker, 2014-05-31 The music hall had no place for reticence it was downright it shouted it made noise it enjoyed itself and made the people enjoy themselves as well

W J MACQUEEN POPE Music Hall lies at the root of all modern popular entertainment With stars such as Marie Lloyd Harry Lauder and Dan Leno it reached its glorious brassy height between 1890 and the First World War In the first book on this subject for many years Richard Anthony Baker whisks us off on a colourful and nostalgic tour of the rise and fall of British music hall At the beginning of the nineteenth century people sang traditional songs in taverns for entertainment This was so popular that rooms started to be added to inns for shows to be staged and before long songs were being specially composed and purpose built theatres were springing up everywhere Britain's working class had for the first time its own form of public entertainment and its own breed of stars The colour and vitality attracted serious writers and artists as well as the future Edward VII and music hall became simultaneously the haunt of the working classes and the avant garde Including stories of a clergyman who wrote music hall sketches a hall in Glasgow where luckless entertainers were pulled off stage by a long hooked pole and Cockney dictionaries that helped Americans understand touring British performers this book is a hugely engaging slice of social history rich in humour tragedy and bathos As featured on BBC Radio Lincolnshire and in the Sunderland Echo

Idols of the 'halls' Henry Chance Newton, 1928 The Mammoth Book of Killers at Large Nigel Cawthorne, 2011-09-01 Reason to be afraid over 50 unsolved cases of serial murder Fact murderers and serial killers do not always get caught Behind every headline of a newsworthy conviction lie other cases of vicious murderers who got away and who remain somewhere among us Here in one giant volume are more than 50 of the most serious serial killings and other murder cases that continue to remain unsolved The cases covered in this alarming book include Argentina's crazed highway killer responsible for mutilating and killing at least five people since 1997 and dumping their bodies along remote highways The Green River Killer believed to be a middle aged white man who has claimed at least 49 lives to date in the Seattle Tacoma area South Africa's Phoenix Strangler suspected of killing 20 women in the province of KwaZulu Natal The Twin Cities Killer either one or several people responsible for a series of over 30 murders on the streets of Minneapolis and St Paul where the victims were mostly prostitutes Costa Rica's elusive El Psicopata The Psychopath thought to have murdered at least 19 people in this small quiet Central American country The Monster of Florence responsible for a series of 15 sexual slayings just outside Florence In each case it is not just the crimes that are horrifying and fascinating but the response of local police and authorities to the lack of a conviction Local authorities may fear to admit the continued existence of a serial killer at large whilst police bodies face the temptation to tidy up loose unsolved murders under the aegis of other admitted crimes
