## **Made In Italy:**

Made in Italy Grace Lees-Maffei, Kjetil Fallan, 2013-11-21 Goods made or designed in Italy enjoy a profile which far outstrips the country's modest manufacturing output. Italy's glorious design heritage and reputation for style and innovation has added value to products made in Italy. Since 1945 Italian design has commanded an increasing amount of attention from design journalists, critics, and consumers. But is Italian design a victim of its own celebrity? Made in Italy brings together leading design historians to explore this question, discussing both the history and significance of design from Italy and its international influence. Addressing a wide range of Italian design fields including car design, graphic design, industrial and interior design, and ceramics, well-known designers such as Alberto Rosselli and Ettore Sottsass Jr. and iconic brands such as Olivetti, Vespa, and Alessi, the book explores the historical, cultural, and social influences that shaped Italian design and how these iconic designs have contributed to the modern canon of Italian inspired goods. **Made in Italy** David Rocco, 2011 The host of David Rocco's *Dolce Vita* looks at the best of Italian cooking, eating, and living, including such things as gelato, caprese salad, homemade pasta, lemon groves, and much more. TV tie-in *The United States and Fascist Italy* Gian Giacomo Migone, 2015-05-05 Originally published in Italian in 1980, *Gli Stati Uniti e il fascismo*. Alle origini dell'egemonia Americana in Italia is regarded today as a crucial text on the relationship between the United States and Italy during the interwar years. Aside from the addition of two new prefaces, one by the author and one by the book's translator Molly Tambor, the original text has remained unchanged so that Anglophone readers now have the opportunity to engage with this classic work. By analyzing the enduring relationship between the United States, especially its financial establishment, and fascist Italy up until Mussolini's conquest of Ethiopia in 1935, this book provides answers to some key questions about the interconnectedness of America's rise to hegemonic global financial power in the twentieth century and its support of Italian fascism during this time. *Made in Italy* Maria Vittoria Pansoni, 2017 **Debates of the Senate of the Dominion of Canada** Canada.
