**Rudi** Swami Rudrananda, 2017-09 Swami Rudrananda known as Rudi taught his students to see through the diversity of the world into the infinite creative power beneath it In seeing feeling and having a living contact with that source of life we are released from the limitations of our lives into freedom When Rudi spoke his words were an extension of the flow of spiritual energy pulsating through him This book is composed of talks that Rudi gave to his students in 1972 and 1973 in his meditation room in Manhattan and in his ashram in the Catskill Mountains We have tried to capture the vibrancy of his teaching in this collection *Entering Infinity* Swami Rudrananda, 2005-01-01 [American Veda](#) Philip Goldberg, 2013-05-14 A fascinating look at India's remarkable impact on Western culture this eye opening popular history shows how the ancient philosophy of Vedanta and the mind body methods of Yoga have profoundly affected the worldview of millions of Americans and radically altered the religious landscape What exploded in the 1960s following the Beatles trip to India for an extended stay with their new guru Maharishi Mahesh Yogi actually began more than two hundred years earlier when the United States started importing knowledge as well as tangy spices and colorful fabrics from Asia The first translations of Hindu texts found their way into the libraries of John Adams and Ralph Waldo Emerson From there the ideas spread to Henry David Thoreau Walt Whitman and succeeding generations of receptive Americans who absorbed India's science of consciousness and wove it into the fabric of their lives Charismatic teachers like Swami Vivekananda and Paramahansa Yogananda came west in waves prompting leading intellectuals artists and scientists such as Aldous Huxley Joseph Campbell Allen Ginsberg J D Salinger John Coltrane Dean Ornish and Richard Alpert aka Ram Dass to adapt and disseminate what they learned from them The impact has been enormous enlarging our current understanding of the mind and body and dramatically changing how we view ourselves and our place in the cosmos Goldberg paints a compelling picture of this remarkable East to West transmission showing how it accelerated through the decades and eventually moved from the counterculture into our laboratories libraries and living rooms Now physicians and therapists routinely recommend meditation words like karma and mantra are part of our everyday vocabulary and Yoga studios are as ubiquitous as Starbucks The insights of India's sages permeate so much of what we think believe and do that they have redefined the meaning of life for millions of Americans and continue to do so every day Rich in detail and expansive in scope American Veda shows how we have come to accept and live by the central teaching of Vedic wisdom Truth is one the wise call it by many names **Depth Over Time** Swami Khecaranatha, 2010-10 *Depth Over Time* offers a vision of the freedom and liberation available to anyone who is willing to make spiritual growth the primary focus of their life Much more than just a discussion of philosophy the book provides readers with the tools to undertake a profound spiritual transformation within themselves to gain the direct realization that God dwells within you as yourself *Depth Over Time* covers the most important aspects of the practice of Kundalini MahaYoga Discussions include the topics of Grace and individual effort our relationship

with God the wish to grow the teacher student relationship selfless service surrender cultivating stillness and the critical need to consciously choose spirituality moment by moment Throughout the book Swami Khecaranatha reiterates that spiritual practice does not just happen during formal closed eye meditation Swami Khecaranatha explains the philosophy and practices of this Tantric tradition in terms that Western students can readily understand yet his message conveys the essence of the highest teachings of the ancient Kashmiri Shaivite tradition He makes it clear that attaining liberation and living in Divine Presence is not just the purview of saints but a real possibility for anyone willing to devote his or her life to the pursuit of unconditional freedom
