see the ocean But in a boat building factory in New Jersey in a bakery in the Bronx on the production line of a chemical factory on dozens of construction sites every single day he made a mental review of the waters the isles and cays and entertained no thought that was not related to his return Fishers at Work Workers at Sea describes Puerto Rican fishing families as they negotiate homeland and diaspora It considers how wage work affects their livelihoods and identities at home and how these independent producers move in and out of global commodity markets Drawing on some 100 life histories and years of fieldwork David Griffith and Manuel Vald s Pizzini have developed a complex often moving portrait of the men and women who fiercely struggle to hang onto the coastal landscapes and cultural heritage tied to the Caribbean Sea
