Ruined Cottage:

'*The Ruined Cottage*' (MS B). William Wordsworth, 2011 **The Ruined Cottage and The Pedlar** William Wordsworth, 1979 The Cambridge Companion to Wordsworth Stephen Gill, 2003-06-12 The Cambridge Companion to Wordsworth provides a wide ranging account of one of the most famous Romantic poets Specially commissioned essays cover all the important aspects of this multi faceted writer the volume examines his poetic achievement with a chapter on poetic craft while other chapters focus on the origin of his poetry and on the challenges it presented and continues to present Further contributions include discussions of *The Prelude* and *The Recluse* Wordsworth as philosophic poet his writing in relation to European Romanticism and Wordsworth as Nature poet The collection by an international team of established specialists concludes with a lucid account of the history of Wordsworth s texts and offers students invaluable reference material including a chronology and guides to further reading The volume aims to ensure that its readers will be grounded in the history of Wordsworth s career and his critical reception **Disjointed Perspectives on Motherhood** Catalina Florina Florescu, 2013-10-29 *Disjointed Perspectives on Motherhood* presents the accounts of mothers who have suffered a major physical and or psychically traumatic accident and as a consequence their minds and bodies have been drastically changed They live under the pressure of having discovered the alter ego of their traumatized personality and now distressed cannot embrace their unconditional maternal love Instead they enter into a phase where they face the challenge of revealing who they are as persons before accepting or motivating themselves as mothers The mothers presented in this volume also seem to have another thing in common their transnational fluid female identity as they enter into an imaginary dialog that transcends geographical and temporal perspectives on womanhood and motherhood This collection introduces and analyzes recurrent words that define a woman s body and mind today fear competition motherhood and career rights selfishness ambition destruction distance and identity By using unprecedented comparative critical approaches such as phenomenological medical feminist and re-enchantment theories and by analyzing works from literature cinema and visual arts this collection attempts to reestablish and redefine a canonical concept with the intention to revitalize an otherwise taken for granted image and role The Making of Poetry Adam Nicolson, 2020-01-21 *Brimming with poetry art and nature writing Wordsworth and Coleridge as you ve never seen them before* June 1797 to September 1798 is the most famous year in English poetry Out of it came Samuel Taylor Coleridge s *The Rime of the Ancient Mariner* and *Kubla Khan* as well as his unmatched hymns to friendship and fatherhood and William Wordsworth s revolutionary songs in *Lyrical Ballads* along with *Tintern Abbey* Wordsworth s paean to the unity of soul and cosmos love and understanding In *The Making of Poetry* Adam Nicolson embeds himself in the reality of this unique moment exploring the idea that these poems came from this particular place and time and that only by experiencing the physical circumstances of the year in all weathers and all seasons at night and at dawn in sunlit reverie and moonlit walks can the genesis of the poetry start to be understood The poetry Wordsworth and Coleridge made

was not from settled conclusions but from the adventure on which they embarked thinking of poetry as a challenge to all received ideas stripping away the dead matter looking to shed consciousness and so change the world What emerges is a portrait of these great figures seen not as literary monuments but as young men troubled ambitious dreaming of a vision of wholeness knowing they had greatness in them but still in urgent search of the paths toward it The artist Tom Hammick accompanied Nicolson for much of the year making woodcuts from the fallen timber in the park at Alfoxden where the Wordsworths lived Interspersed throughout the book his images bridge the centuries depicting lives at the source of our modern sensibility a psychic landscape of doubt and possibility full of beauty and thick with desire for a kind of connectedness that seems permanently at hand and yet always out of reach Lyrical Ballads and Other Poems William Wordsworth, Samuel Taylor Coleridge, 2003 Lyrical Ballads constituted a quiet poetic revolution both in its attitude to its subject matter and its anti conventional language This volume contains all of Lyrical Ballads with Wordsworth's preface of 1800 1802 and a wide range of both poets other work across their poetic careers *The Christian Wordsworth, 1798-1805* William A. Ulmer, 2001-10-19 Traces the evolution of Wordsworth's religious attitudes from his revisions of *The Ruined Cottage* to the completion of *The Prelude* **What Is Pastoral?** Paul Alpers, 1997-06 One of the enduring traditions of Western literary history pastoral is often mischaracterized as a catchall for literature about rural themes and nature in general In *What Is Pastoral* distinguished literary historian Paul Alpers argues that pastoral is based upon a fundamental fiction that the lives of shepherds or other socially humble figures represent the lives of human beings in general Ranging from Virgil's *Eclogues* to Sarah Orne Jewett's *The Country of the Pointed Firs* from Shakespeare and Cervantes to Hardy and Frost this work brings the story of the pastoral tradition previously limited to classical and Renaissance literature into the twentieth century Pastoral reemerges in this account not as a vehicle of nostalgia for some Golden Age nor of escape to idyllic landscapes but as a mode bearing witness to the possibilities and problems of human community and shared experience in the real world A rich and engrossing book *What Is Pastoral* will soon take its place as the definitive study of pastoral literature Alpers succeeds brilliantly He offers a wealth of new insight into the origins development and flowering of the pastoral Ann Maria Contarino *Renaissance Quarterly* *The Ruined Cottage, And, the Pedlar /by W. Wordsworth* William Wordsworth, 1979 *The Ruined Cottage ; The Brothers ; Michael* William Wordsworth, 1985 Romanticism, Gender, and Violence Nowell Marshall, 2013-07-22 Combining queer theory with theories of affect psychoanalysis and Foucauldian genealogy *Romanticism Gender and Violence* Blake to George Sodini theorizes performative melancholia a condition where regardless of sexual orientation overinvestment in gender norms causes subjects who are unable to embody those norms to experience socially expected normal gender as something unattainable or lost This perceived loss causes an ambivalence within the subject that can lead to self inflicted violence masochism suicide or violence toward others sadism murder Reading a range of Romantic poetry and novels between 1790 1820 but ultimately moving beyond the period to show

its contemporary cultural relevance through readings of Eliot's *The Mill on the Floss*, Virginia Woolf's *Mrs Dalloway*, Andrew Holleran's *Dancer from the Dance* and George Sadini's 2009 murder-suicide case, this study argues that we need to move beyond focusing on bullying teens and LGBT students and look at our cultural investment in gender normativity itself. Doing so allows us to recognize that the relationship between non-normative gender performance and violence is not simply a gay problem; it is a human problem that can affect people of any sex, sexuality, age, race, or ethnicity and one that we can trace back to the Romantic period. Bringing late 18th-century novels into conversation with both canonical and lesser-known Romantic poetry allows us to see that as people whose performance of gender occasionally exceeds the normal, we too often internalize these norms and punish ourselves or others for our inability to adhere to them. Contrasting paired chapters by male and female authors and including sections on failed romantic coupling, melancholic femininities, melancholic masculinities, failed gender performance, and madness, and ending with a section titled *After Romanticism*, this study works on multiple levels to complicate previous understandings of gender and violence in Romanticism while also offering a model for contemporary issues relating to gender and violence among people who fail to perform gender according to social norms.
