Nothing Doting Blindness:

Nothing Henry Green, 2017-10-17 Years ago Jane Weatherby had a torrid affair with John Pomfret the husband of her best friend Divorces ensued World War II happened Prewar partying gave way to postwar austerity and Jane and John's now grown children Philip and Mary both as serious and sober as their parents were not seem earnestly bent on marriage which John and Jane consider a mistake The two old lovers conspire against the two young lovers and nothing turns out quite as expected Nothing like the closely related Doting is a book that is almost entirely composed in dialogue since in these late novels nothing so interested Green as how words resist twist and expose our intentions how they fail us lead us on make fools of us and may in spite of ourselves even save us at least for a time Nothing spills over with the bizarre and delicious comedy and poetry of human incoherence Nothing ; Doting ; Blindness Henry Green, 1993 *Nothing, Doting, Blindness* Kindle Henry Green, 2009-12-23 **Henry Green at the Limits of Modernism** Marius Hentea, 2013-11-01 Although Henry Green has been recognised by James Wood David Lodge and John Updike as one of the most innovative writers of his time his significant achievement remains largely neglected Henry Green at the Limits of Modernism provides a theoretically sophisticated and historically nuanced reading of Green's novels and makes the case for Green's importance in reconsiderations of modernism late modernism and post war realism This work is the most ambitious reassessment of Green's oeuvre to date and thus critical reading for scholars interested in modernism late modernism and the evolution of British post war fiction Arguing against the predominant view of Green's fiction as an autonomous literary construction the work connects Green to a number of social and literary contexts resulting in fresh readings of his novels and also a greater accessibility to an author long considered oblique and elusive With significant investigations of Green's connection to his literary generation his multifaceted and formally innovative handling of social class his negotiations of narrative authority and authorship and the importance of disability studies to understanding Green's fiction this study charts the complex trajectories of Green's fiction against both social and literary contexts The work also moves beyond the narrow confines of British literature to explore Green's connections to broader trends in European literature **The Politics of 1930s British Literature** Natasha Periyar, 2018-06-14 Winner of the 2018 International Standing Conference for the History of Education's First Book Award Drawing on a rich array of archival sources and historical detail The Politics of 1930s British Literature tells the story of a school minded decade and illuminates new readings of the politics and aesthetics of 1930s literature In a period of shifting political claims educational policy shaped writers social and gender ideals This book explores how a wide array of writers including Virginia Woolf W H Auden George Orwell Winifred Holtby and Graham Greene were informed by their pedagogic work It considers the ways in which education influenced writers analysis of literary style and their conception of future literary forms The Politics of 1930s British Literature argues that to those perennial symbols of the 1930s the loudspeaker and the gramophone should be added the textbook and the blackboard *Granular Modernism* Beci

Carver,2014-11-27 Granular Modernism understands the way that some Modernist texts put themselves together as a way of pulling themselves apart In this volume Beci Carver offers a new way of reading Modernist novels and poems by drawing attention to the anomalies that make them difficult to summarise or simplify Carver proposes that rather than trying to find the shapes of narrative or argument in their writing the Granular Modernists namely Joseph Conrad William Gerhardt Evelyn Waugh Henry Green T S Eliot W H Auden and Samuel Beckett experiment in certain of their works in finding the shapelessness of a moment in history that increasingly confidently called itself modern which was to call itself shapeless The project of Modernism in the late nineteenth and the first half of the twentieth century was to find a story to tell about an era full of beginnings The project of Granular Modernism was to find a way of turning the inchoateness of the modern moment into art Granular Modernism takes from the Naturalist movements of the nineteenth and early twentieth century its attentiveness to the process of mundane experiences like eating or waiting But where Naturalism sets out to offer a complete picture of a way of life Granular Modernism s eating and waiting fail to amount to anything more to paraphrase Evelyn Waugh The most they can hope for is a cumulative futility Frank Norris once described one of Stephen Crane s narrators as a locust in a grain elevator attempting to empty the silo by carrying off one grain at a time Norris is being dismissive But his image of pointless meticulous indefinite manoeuvre potentially defines the ambition of the Granular Modernists The English Novel at Mid-century Michael Edward Gorra,1985 **National Union Catalog** ,1980 Includes entries for maps and atlases **Henry Green** Peter Wolfe,2017-11-30 By mid career many successful writers have found a groove and their readers come to expect a familiar consistency and fidelity Not so with Henry Green 1905 1973 He prefers uncertainty over reason and fragmentation over cohesion and rarely lets the reader settle into a nice cozy read Evil he suggests can be as instructive as good Through Green s use of paradoxical and ambiguous language his novels bring texture to the flatness of life making the world seem bigger and closer We soon stop worrying about what Hitler s bombs have in store for the Londoners of *Caught* 1943 and *Back* 1946 and start thinking about what they have in store for each other Praised in his lifetime as England s top fiction author Green is largely overlooked today This book presents a comprehensive analysis of his work for a new generation of readers **The New York Times Book Review** ,1981 The Reader's Adviser ,1986 **The Life of the Party** Christopher Ames,1983 **Penguin Classics** Penguin (Firm),1999 First Love, Last Rites Ian McEwan,1976 **The Reader's Adviser** Marion Sader,1994 Heartily recommended Since not even a reference librarian par excellence can come close to knowing the best in any given discipline no library should be without access to this set for its patrons Booklist impressively meets a quite formidable task providing basic material on many subjects for the nonspecialist student librarian Choice From age old classics to the writings of today The Reader s Adviser 14th Edition helps you and your patrons select and appreciate the world s greatest books This monumental work features hundreds of authors and thousands of works new to this edition plus updated entries and revised material in every chapter updated critical and
