Lucifer, 1930 **The Promethean Politics of Milton, Blake, and Shelley** Linda M. Lewis, 1992 Drawing primarily upon Paradise Lost Lewis shows how Milton s use of Prometheus is significant not only because of Milton s undisputed influence on the Romantics but also because his Promethean figures reflect the myth in all of its facets from the traitorous Satan and disobedient Adam to the Son in his salvational role Blake s responses to Milton and to Dante are closely related to his recasting of the Prometheus myth in his prophetic works particularly through the revolutions associated with his fiery character Orc Lewis concludes with a chapter on Shelley focusing on Prometheus Unbound but also providing a fascinating look at Mary Shelley s Frankenstein which was subtitled The Modern Prometheus An afterword extends this insightful analysis of Promethean icons by examining those used by such late eighteenth century and nineteenth century women writers as Charlotte and Emily Bronte Mary Wollstonecraft and

Richard Leviton, 2022-12-30 The truth of Lucifer and Sophia is the world's biggest secret said Joe To get this story right you basically have to retell the history of reality itself That's what Joe Mike and Ronald pals since childhood and now in their late sixties set out to do Lucifer and Sophia were the first two archangels ever created but their reputations today are in ruins or obscurity They want to find out why After much travelling and on site investigation they discover that the true story of these two primary archangels is not what people have thought It is the key that unlocks the purpose and destiny of the Earth The final outcome of humanity is implicated too Many diverse cultures maintain cultural images of these two figures and in many cases their images are positive uplifting even comic This trio of geomorphic researchers take the Greek icon of Prometheus bound on Mount Caucasus for defying Zeus as their rallying point and seek to probe its true meaning Mythic images especially old ones need to be decoded for the modern mind They tend to have layers of meaning and you shortchange yourself if you either dismiss them or take them only on a literal basis You have to jump into them psychically put them on like clothes and get mythopoeic about these old stories Along the way as they visit sites in America the British Isles Japan Uzbekistan Zimbabwe Chile Mexico and other far flung locales they're assisted by angels Ray Masters and the genius loci of the many sites that preserve a myth of these two archangels Foremost among the places visited is Ireland the legendary Emerald Isle and it turns out this island nation anciently called Iú Land after its presiding landscape goddess has a pivotal world role to play in the restitution of these mythic figures and the future well being of the planet and its humanity
