Renunciation And Reformulation A Study Of Conversion In An American Sect

John A. Saliba

Renunciation And Reformulation A Study Of Conversion In An American Sect:

Renunciation and Reformulation Harriet Whitehead,1987 [Renunciation and Reformulation](#) Harriet Whitehead,

Renunciation and Reformulation Harriet Whitehead,1987 **Routledge Library Editions: Sociology of Religion**

Various,2021-07-14 This set collects together in 19 volumes a wealth of texts on Sociology of Religion An invaluable reference resource it contains classic books on a wide range of topics including religion and violence religion and family life religion and society culture and class **New Age, Neopagan, and New Religious Movements** Hugh B.

Urban,2015-09-15 *New Age Neopagan and New Religious Movements* is a comprehensive and user friendly book devoted to the study of alternative spiritual currents in modern America The book covers a wide range of new religions from the mid nineteenth century to the present including the Native American Church Mormonism Spiritualism Scientology the Nation of Islam Rastafari ISKCON Wicca the Church of Satan Peoples Temple Branch Davidians and the Raelians Each chapter focuses on one key issue or debate that raises larger issues in the study of religion and American culture more broadly such as the legality of peyote in the Native American Church the role of women and feminism in Wicca the role of hip hop and reggae music in the spread of the Nation of Islam and Rastafari and the debate over human cloning in the Raelian movement The book also addresses key theoretical and methodological problems in the study of new religions Why has there been such a tremendous proliferation of new spiritual forms in the past 150 years even amid our increasingly rational scientific technological and secular society Why has the United States become the heartland for the explosion of new religious movements How do we deal with complex legal debates such as the use of peyote by the Native American Church the use of marijuana by Rastafarians or the practice of plural marriage by some Mormon communities And how do we navigate issues of religious freedom and privacy in a new age of religious violence terrorism and government surveillance Provided by publisher [Social Science and the Cults](#) John A. Saliba,2019-03-20 This book first published in 1990 brings together descriptive comparative and theoretical materials on cults and sects in Western culture focusing on literature published since 1970 A historical section links the rise of the new movements to similar past phenomena in Western culture Other sections examine the methodology of studying religious movements and the various theories which have been brought to explain them current studies on traditional sects that are sometimes compared to the new religions and many studies of individual contemporary cults *Among the Scientologists* Donald A. Westbrook,2019 The Church of Scientology is one of the most recognizable American born new religions but perhaps the least understood With academic and popular interest on the rise many books have been written about Scientology and surely more will follow Although academics have begun to pay more attention to Scientology the subject has received remarkably little qualitative attention Indeed no work has systematically addressed such questions as what do Scientologists themselves have to say about their religion s history theology and practices How does Scientology act as a religion for them What does lived religion look like for a Scientologist

This is not so much a book about the Church of Scientology its leaders or its controversies as it is a compilation of narratives and histories based on the largely unheard or ignored perspectives of Scientologists themselves Drawing on six years of interviews fieldwork and research conducted among members of the Church of Scientology this groundbreaking work examines features of the new religion s history theology and praxis in ways that move discussion beyond apostate driven and expos accounts

The New Religious Movements Experience in America Eugene V. Gallagher,2004-10-30 Wherever and whenever they appear new religious movements always produce conflict Even as they attract members who enthusiastically embrace their innovative teachings new religions often provoke strongly negative reactions often because they challenge established notions of proper religious action belief and morality Opponents of new religious movements often brand them as cults and urge their fellow citizens their own religions and even the government to take action against what they see as suspicious and potentially dangerous movements the members often complain that their motives have been misconstrued and argue that their groups are unfairly persecuted The New Religious Movements Experience in America outlines the conflict between representatives of the status quo and new religions and examines how these groups appear both to their members and to their cultural opponents This work is ideal for anyone students parents and teachers who wish to gain a deeper understanding of new religious movements in America New religions have always been part of the American religious landscape and this book moves beyond the contemporary period to discuss examples of new religions that have originated survived or died and sometimes prospered throughout U S history Among the groups discussed are the Mormons the Peoples Temple the Branch Davidians Spiritualism Theosophy the Church Universal and Triumphant the International Society for Krishna Consciousness the followers of Bhagwan Shree Rajneesh Soka Gakkai the Nation of Islam Wiccans and neo Pagans the Church of Satan the Church of Scientology Heaven s Gate and the Raelians The New Religious Movements Experience in America includes a glossary and a list of resources for those interested in doing further research on the experience of the followers of new religions

Across The Boundaries Of Belief Morton Klass,Maxine Weisgrau,2018-02-20 This book focuses on anthropological questions and methods and is offered as a supplement to textbooks on the anthropology of religion It is designed to help students collecting and interpreting their own fieldwork or archival data and relating their findings to the work of others

Another Gospel Ruth A. Tucker,2004 Ruth A Tucker s book is a comprehensive survey of all the major alternative religions in the United States including the new groups since the 1960s

Sociological Abstracts ,1989

Selected Readings in the Anthropology of Religion Stephen D. Glazier,Charles A. Flowerday,2003-12-30 Brings together in one volume a number of key theoretical and methodological advances in the anthropological study of religion Chapters cover important topics not ordinarily included in books dealing with the anthropology of religion e g bipedalism the study of alcohol film and video images notions of religious agency In addition this collection is intended to build bridges between anthropologists of religion and religious studies scholars Over

the last four decades anthropologists have grappled with the dialectical relationship between the examination of cultures from the emic or insider perspective and the etic or outsider perspective Nowhere is this creative tension more evident than in the anthropological study of religion In this volume anthropologists and religious studies scholars come to terms not only with a landscape that has shifted fundamentally but a landscape that is still shifting Essays in this collection raise new and important issues for the anthropological study of religion in new and important ways In intensely personal essays a number of contributors address two fundamental concerns in the study of religion 1 how should anthropologists deal with the beliefs and practices of others and 2 how should anthropologists deal with their own religious backgrounds and beliefs as these may affect their understanding of the beliefs and practices of others A partial resolution to both questions is necessary before the anthropological study of religion can advance to a higher level **Sociological Abstracts** Leo P. Chall,1989 CSA

Sociological Abstracts abstracts and indexes the international literature in sociology and related disciplines in the social and behavioral sciences The database provides abstracts of journal articles and citations to book reviews drawn from over 1 800 serials publications and also provides abstracts of books book chapters dissertations and conference papers [The Solitude of Collectivism](#) David A. Kideckel,1993 Transformation of Transylvania Romania village life through four decades of socialist rule and during period after 1989 revolution Author conducted fieldwork in Olt Land region of southern Transylvania

Research in the Social Scientific Study of Religion ,1996 [American Scientist](#) ,1942 **Cults in Our Midst** Margaret Thaler Singer,Janja Lalich,1996-10-08 Explains how to recognize cults and argues that cults are infiltrating the workplace in the guise of training programs and workshops [Introduction to New and Alternative Religions in America](#) William M. Ashcraft,Eugene V. Gallagher,2006-10-30 Most new or alternative religious are gravely misunderstood by members of the religious mainstream Labeled cults or sects groups and their members are often ridiculed or otherwise disregarded as weird and potentially dangerous by the populace at large Despite their efforts at educating the general public the various anti and counter cult activists have in fact promoted much more mis understanding than accurate understanding of the religious lives of some of their fellow citizens Consequently they have helped to create a very hostile environment for anyone whose religious practices do not fit within a so called mainstream This set rectifies the situation by presenting accurate comprehensive authoritative and accessible accounts of various new and alternative religious movements that have been and are active in American society and it addresses ways of understanding new and alternative religions within a broader context Determining what actually constitutes a new or alternative religion is a subject of constant debate Questions arise as to a new faith s legitimacy beliefs methods of conversion and other facets of a religious movement s viability and place in a given culture How a religion gains recognition by the mainstream which often labels such new movements as cults is fraught with difficulty tension and fear Here experts delineate the boundaries and examine the various groups beliefs movements and other issues related to new faiths and alternative beliefs Readers will come away with a fuller understanding

of the religious landscape in America today Volume 1 History and Controversies discusses the foundations of new and alternative religions in the United States and addresses the controversies that surround them This volume helps readers better understand what makes a new or alternative belief system a religion and the issues involved Volume 2 Jewish and Christian Traditions explores the various new religions that have grown out of these two Abrahamic faiths Groups such as the Shakers the People s Temple the Branch Davidians Jehovah s Witnesses and others are examined Volume 3 Metaphysical New Age and Neopagan Movements looks at Shamanism Spiritualism Wicca and Paganism among other movements as they have developed and grown in the U S These faiths have found new and devoted followers yet are often misunderstood Volume 4 Asian Traditions focuses on those new and alternative religions that have been inspired by Asian religious traditions From Baha i to Soka Gakkai from Adidam to the Vedanta Society contributors look at a full range of groups practicing and worshiping in the U S today Volume 5 African Diaspora Traditions and Other American Innovations examines the various traditions linked to the African diaspora such as Rastafarianism Santeria and the Nation of Islam alongside traditions that are truly American incarnations like Scientology UFO religions and Heaven s Gate Some of the new and alternative religions covered in these pages include Shamanism Wicca Black Israelites Santeria Scientology Elan Vital Hare Krishna Soka Gakkai and many more
