Major Works Of Sri Aurobindo:

Six Pillars Robert A. McDermott, 1974 **The Essential Aurobindo** Sri Aurobindo, 2001 Who wrote the Gospel of John The author identifies himself only as the disciple whom Jesus loved and Christian tradition tells us that this disciple was the apostle John However during the past century scholars have increasingly come to doubt that attribution In 1902 Rudolf Steiner wrote that the author of the Gospel of John was in fact Lazarus Steiner's position stemmed from his insight that Lazarus's encounter with death involved far more than people realized an initiation into higher spiritual realities that uniquely qualified him to write this gospel Edward Smith takes up this argument and shows that subsequent research has tended to favor Lazarus for reasons grounded in John's Gospel itself More important Smith shows that subsequent discoveries at Nag Hammadi and Mar Saba corroborate Steiner's reasoning about the nature of the raising of Lazarus pointing to Lazarus as the rich young ruler of Mark's Gospel **Major Works of Sri Aurobindo** Sri Aurobindo, 1996-10 The 22 volume set of the major works of Sri Aurobindo However this set does not contain all his works *Six Pillars* Robert McDermott, 2012 Sri Aurobindo 1872-1950 was one of the great twentieth century figures of India Over the course of his lifetime he helped India's struggle for freedom and became a leading yogi philosopher and poet of his time and culture In his teaching Sri Aurobindo went well beyond Eastern philosophy and religion synthesizing it with Western traditions even spending two years of his youth at Loreto Convent in Darjeeling West Bengal In 1879 Aurobindo and his two elder brothers were taken to Manchester England for a European education and placed in the care of Rev Drewett an Anglican clergy and his wife In 1884 Aurobindo joined St Paul's School where he learned Greek and Latin and spent three years studying literature especially English poetry By 1910 Sri Aurobindo's focus was directed entirely toward spirituality and he settled in Pondicherry India where he taught wrote and published his greatest works His spiritual vision extended beyond the perfection and transformation of the individual to include the evolution and transformation of human society According to his teaching a true solution to humanity's problems arises from a radical transformation of human life into a form of divine existence The one aim of my yoga is an inner self development by which each one who follows it can in time discover the One Self in all and evolve a higher consciousness than the mental a spiritual and supramental consciousness which will transform and divinize human nature Sri Aurobindo For everyone interested in the philosophical and spiritual vision of the great Indian thinker Sri Aurobindo the revolutionary turned yogi this outstanding collection of masterly introductions first published in 1974 offers original reflections and interpretations of Sri Aurobindo's six major works all written by distinguished scholars of religion and philosophy rather than devotees Long out of print and difficult to find *Six Pillars* is again available for contemporary readers Contents Foreword by Ursula King John Collins Savitri Poetic Expression of Spiritual Experience Thomas Berry The Foundations of Indian Culture its Contemporary Significance Thomas J Hopkins The Vision of the Purushottama in Essays on the Gita J Bruce Long A New Yoga for a New Age A Critical Introduction to The Synthesis of Yoga

Eugene Fontinell A Pragmatic Approach to the Human Cycle Robert McDermott The Life Divine Sri Aurobindo s Philosophy of Evolution and Transformation Introductions to the Major Works of Sri Aurobindo provides readers with a portal into the thinking of one of India s greatest figures of past century Aurobindo the revolutionary turned yogi was a puzzle to his contemporaries and remained one to later generations This is probably still true today But puzzles are there to be solved These essays can help to do that They dissolve some of the enigmas that surround Sri Aurobindo even though not answering all our questions They provide much substance for thought and further discussion and invite us to gain a deeper familiarity with one of the great minds of modern India whose inspiring spiritual message can transform one s life and help to change the world Ursula King from the foreword *The Life Divine* Sri Aurobindo,2016-05-29 The Life Divine by Sri Aurobindo It s a major philosophical work of Sri Aurobindo Sri Aurobindo presents a theory of evolution which will culminate in the transformation of the human being and the advent of a divine life upon earth **The Hour of God** Sri Aurobindo,1959-08-15 The pieces collected together in this book were written by Sri Aurobindo between 1910 and 1940 None of them were published during his lifetime none received the final revision he gave to his major works Most of the pieces were first printed in various journals published by the Ashram and subsequently in the different editions of The Hour of God beginning with the first edition 1959 In reading these essays one gets the very distinct feeling that the author really does know whereof he speaks Here we are able to sit in his lap and listen as he fabricates one description after another of the ineffable and explains how we too can share in the realization awaiting us at the end of what seems in the clarity of his vision to be not such an arduous path It is not that he ever says that the way is easy quite the contrary but the certainty with which he speaks seems to put it into reach **Sri Aurobindo** Sachidananda Mohanty,2012-04-27 This book compiles some of the finest writings of Sri Aurobindo 1872 1950 the nationalist visionary poet philosopher It reflects the range depth and outreach of the moral intellectual and spiritual vision of this versatile and multifaceted genius It aims at providing at one place access to the key concepts tenets and the spirit of the extraordinary range of texts authored by him Although concretely grounded in contemporary times with its location in a specific socio cultural matrix this work projects a body of writings that is certain to have lasting value In particular the compilation brings forth Sri Aurobindo s social vision and his role as a cultural critic his views on ethnicity his exposition of the key role language plays in the formation of communitarian identities his crucial understanding of self determination which has incidentally become an important aspect of human rights discourse today Situating the writings in a specific intellectual spiritual and historical context this collection will enable readers to appreciate the overall vision of Sri Aurobindo in what can be conceived as a caravan of history of ideas in terms of a common heritage of humankind and recent developments in theory and disciplinary practice especially those pertaining to consciousness and future studies *On Himself* Aurobindo Ghose,1985 [Selected Writings](#) Sri Aurobindo,Aurobindo Ghose,2000 Contains the major works of Sri Aurobindo mainly from The complete works of Sri Aurobindo and the Sri

Aurobindo birth centenary library , **Sri Aurobindo** Sisirkumar Mitra,1972 **The Literary Criticism of Sri Aurobindo, with Special Reference to Poetry** Shree Krishna Prasad,1974 *Readings in Sri Aurobindo's the Synthesis of Yoga* Santosh Krinsky,2018-01-07 The Synthesis of Yoga is probably the most extensive comprehensive and innovative examination of Yoga in modern times and by one of the greatest Yogis and seers of all time Mahayogi Sri Aurobindo Sri Aurobindo called his Yoga an Integral Yoga It was he who invented the term integral yoga and the idea of an integral approach to life terms that now many people and yoga groups use for their own activities Yet by integral Yoga Aurobindo meant combining the three great Yogas of Karma Yoga or the Yoga of Action Bhakti Yoga or the Yoga of Devotion and Jnana Yoga or the Yoga of Knowledge leading to an all inclusive Yoga of Self Perfection That great original integral Yoga is what is explained in this yogic classic of the Synthesis of Yoga **Sri Aurobindo** Hari Krishen Kaul,1972 **Yoga Journal** ,2000-11 For more than 30 years Yoga Journal has been helping readers achieve the balance and well being they seek in their everyday lives With every issue Yoga Journal strives to inform and empower readers to make lifestyle choices that are healthy for their bodies and minds We are dedicated to providing in depth thoughtful editorial on topics such as yoga food nutrition fitness wellness travel and fashion and beauty **Sri Aurobindo** Madhav Pundalik Pandit,1998 Brief life sketch and philosophy of Sri Aurobindo 1872 1950 Indian philosopher and nationalist **Sri Aurobindo** K. R. Srinivasa Iyengar,1985 **The Vision and Work of Sri Aurobindo** Kaikhushru Dhunjibhoy Sethna,1992 Sri Aurobindo stands for no narrow cult he kindles a vision and initiates a work that bear on the whole human situation meeting its most central and recurrent as well as its most external and diverse issues Man in every mode and field the thinker and the scientist no less than the artist and the mystic man individual and man collective the modern breaker of new ground side by side with the heir of the ages is Sri Aurobindo s material for probing and guidance Especially he is concerned with man the conscious evolving agent and with the powers within around and beyond him that help or hinder steps towards true Superhumanhood a transformative evolution of the entire nature rather than a glorified extension of this or that group of qualities The selections of the author s writings on the vision and work of Sri Aurobindo which have been put between the covers of this book were written with an eye to the wide world of inquiring minds and questioning hearts much in harmony with Sri Aurobindo s own global vision Five new pieces have been added to this revised and enlarged edition one of them is a short poem to whose opening lines the Mother paid highest possible compliment from a spiritual point of view Many of the essays have been seen and approved for publication by Sri Aurobindo himself **Lights on Yoga** Sri Aurobindo,2016-05-29 This book contains extracts from letters written by Sri Aurobindo to his disciples in answer to their queries In the letters he explains his teaching and method of spiritual practice and addresses some of the difficulties and problems that the disciples were encountering *The Penguin Sri Aurobindo Reader* Aurobindo Ghose,Makarand Paranjape (R.),1999 A single volume guide to the writing and thought of one of the greatest personalities of modern India A multi faceted genius Sri Aurobindo was a political revolutionary social

critic poet and above all a great yogi and spiritual teacher He was not only one of our foremost interpreters of the Vedas Upanishads and the Bhagavad Gita but developed also an original philosophy which though based on the ancient wisdom of India has a modern evolutionary dimension to it the human being according to him is not the end of the evolutionary process our destiny is to grow to a higher state of consciousness which will fundamentally alter life as we know it As a writer Sri Aurobindo's range was staggering there is hardly a field of human endeavour that escaped his notice This collection offers a representative sampling of his writings with selections from most of his major works and areas of interest The volume begins with the early often ignored essays written during the struggle for independence and traces the development of Sri Aurobindo's philosophical and religious thought culminating in the system of Integral Yoga Also included are some of his poems letters and aphorisms Together they provide an ideal introduction to the complex and brilliant mind of a remarkable yogi and seer poet
