Making Christian Sense:

Making Christian Sense Paul L. Holmer, 1984-01-01 Recommends methods for finding meaning in daily life through religious faith and an understanding of the teachings of Christianity *Making Sense of "God"* Norman Solomon, 2023-05-04 All over the world people talk about God and argue endlessly about what God said and what if anything we should do about it Do they know what are they talking about Do they ever seriously consider what it might look like or feel like if God actually spoke to you How could you tell if someone said God spoke to them whether they were deluded bluffing or high on drugs The reflections dialogues and arguments in this book address such questions often with humor sometimes provocatively as when the author suggests the ancient gods have returned to invade the institutions of our great religions or when two spirits William and James viewing the world from afar voice their doubt as to whether the human species will ever attain the pinnacles of cooperation reason beauty and love Ancient texts from the Mayan Popol Vuh through the Bible to the Chinese classics are invoked and the discoveries of modern science from anthropology to zoology are brought into play as the reader is gently led to an appreciation of the role of religious language in modern society **Making Sense of Evolution** John F. Haught, 2010-01-01 Haught offers a provocative take on how reconciliation between evolution and Christian theology might begin and questions whether the two concepts must be mutually exclusive **Making Life Make Sense** Jay Kesler, 1986 Examines many questions young people may have about God and Christianity **Thinking with Kierkegaard and Wittgenstein** Richard Griffith Rollefson, 2014-10-20 Paul L. Holmer influenced the development of the so called Yale School and several generations of students by seeing common logical and ethico religious themes in the works of Soren Kierkegaard and Ludwig Wittgenstein Holmer is perhaps the preeminent interpreter of Kierkegaard with his analysis of the logic of Kierkegaard's truth as subjectivity and the morphology of the life of Christian belief In his polemical and constructive work *The Grammar of Faith* Holmer explored the significance of the later philosophy of Ludwig Wittgenstein for theology and proposed a critical alternative to contemporary academic theology In his *C. S. Lewis: The Shape of His Life and Thought* *Making Christian Sense* and various essays now compiled in *The Paul L. Holmer papers* Holmer's reassessment of the traditional concepts of virtues and vices his recognition of the importance of Christian praxis in providing the context for theological and ethical reflection together with his emphasis on the role of emotions and passions in the life of faith portray how the Christian faith forms character and helps one make sense with one's life **Making Sense of the Christian Faith Participant Book** David J. Lose, 2010 *Making Sense of the Christian Faith* is an exciting and inviting exploration of the major theological doctrines of the Christian faith in the order of the biblical story Written as a conversation in order to invite you to jump into the conversation the text stimulates the reader's thinking instead of attempting to persuade a particular point of view The book is written as a single narrative that anyone can read with great enjoyment and satisfaction Topics include Theology Creation Sin Covenant Law Community Incarnation Atonement Church and Holy Spirit and Eschatology Amazon
