Making a Musical Instrument Activity Sheet Example

Instructions:

First, make a circular hole in the body of the plastic bottle and cover the hole with paper. Remember to fold the paper into the hole that you made and to tape it securely on the inside of the hole.

Next, attach the string heads around the hole so that the strings go over the hole. Use bridges made of paper, plastic or wood to help to raise the string heads.

Attach the cardboard tube with tape to the body of your instrument to make the neck of your instrument.

Add frets or similar shapes to make your instrument look like a real stringy piece at the end of the neck.
