rationality emerged Engineerers put forth tremendous effort to overcome this difficulty and succeeded in expanding the bounds of mathematical rationality thereby establishing the Controllable World However our world continues to expand Therefore such an approach can no longer be applied We have no other choice than satisficing Herbert A Simon s word Satisfy Suffice This expanding open world brought us frequent and extensive changes which are unpredictable and diversification and personalization of customer expectations To cope with these situations we need diverse knowledge and experience Thus to satisfy our customers we need teamwork These changes of environments and situations transformed the meaning of value It used to mean excellent functions and exact reproducibility Now it means how good and flexible we can be to adapt to the situations Thus adaptability is the value today Although these changes were big and we needed to re define value a greater shift in engineering is now emerging The Internet of Things IoT brought us the Connected Society where things are connected Things include not only products but also humans As changes are so frequent and extensive only users know what is happening right now Thus the user in this Connected Society needs to be a playing manager he or she should manage to control the product human team on the pitch Moreover this Connected Society will bring us another big shift in engineering Engineering in this framework will become Social Networking with engineering no longer developing individual products and managing team products The Internet works two ways between the sender and the receiver Our engineering has ever been only one way Thus how we establish a social networking framework for engineering is a big challenge facing us today This will change our engineering Engineers are expected to develop not only products but also such dream society This book discusses these issues and points out that New Horizons are emerging before us It is hoped that this book helps readers explore and establish their own New Worlds *The Silent Partner* ,1921 **The Young Woman's Journal** ,1903
