A True Republic (Classic Reprint) Albert Stickney, 2017-12-20 Excerpt from *A True Republic* This book is not the work of a scholar It concerns matters which lie outside of my profession and which I have never studied with thoroughness To its writing I have been able to give only such time from day to day as could be taken from professional practice It is not what I wish I might make it no doubt it has many faults of which I have no knowledge or suspicion But it is written for a purpose Its purpose must be the excuse for its existence The people of the United States have a new and great problem to solve That they will solve it I make no doubt The immense growth of party which we have had in this country is something new in history I do not think its evils have been duly weighed nor do I think its causes have been carefully studied It has been too readily assumed that political parties are desirable things in the State We speak of the abuses of party government Is it certain that party government now has its uses About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
