**Yi-Tong Ma**

## **Research Interviewing:**

**Research Interviewing** Elliot G. Mishler, 1991-04-01 Mishler presents a powerful critique of current views on research interviewing and offers a new approach He sees traditional interviewing as suppressing discourse and argues that an interview is actually a type of narrative in which respondents should have a more extensive role as participants and collaborators

**InterViews** Steinar Kvale, Svend Brinkmann, 2009 The First Edition of InterViews has provided students and professionals in a wide variety of disciplines with the whys and hows of research interviewing preparing students for learning interviewing by doing interviews and by studying examples of best practice The thoroughly revised Second Edition retains its original seven stage structure continuing to focus on the practical epistemological and ethical issues involved with interviewing Authors Steinar Kvale and Svend Brinkmann also include coverage of newer developments in qualitative interviewing discussion of interviewing as a craft and a new chapter on linguistic modes of interview analysis Practical and conceptual assignments as well as new tool boxes provide students with the means to dig deeper into the material presented and achieve a more meaningful level of understanding New to This Edition Includes new developments in qualitative interviewing New materials cover narrative discursive and conversational analyses Presents interviewing as a social practice Knowledge produced by interviewing is discussed as linguistic conversational narrative relational situated and pragmatic Addresses a variety of interviews forms In addition to harmonious empathetic interviews the authors also cover confrontational interviews Intended Audience This text is ideal for both novice and experienced interview researchers as well as graduate students taking courses in qualitative and research methods in the social sciences and health sciences particularly departments of Education Nursing Sociology Psychology and Communication Praise for the previous edition I think this is one of the most in depth treatments of the interview process that I have seen The frank and realistic approach that the authors take to this topic is rather unique and will be very reassuring to researchers who are undertaking an interview study for the first time Lisa M Diamond University of Utah

**Qualitative Research Interviewing** Tom Wengraf, 2001-06-25 This text provides a comprehensive resource for those concerned with the practice of semi structured interviewing the most commonly used interview approach in social research and in particular for depth biographic narrative interviewing the interview methods of choice in qualitative research

**Research Interviewing: the Range of Techniques** Bill Gillham, 2005-08-16 The most comprehensive book available on methods in research interviewing What is research interviewing What techniques are used Exactly what do you do in each technique How is interview data analysed and written up The robust real world approach makes this book appropriate for practitioner researchers and postgraduate students up to PhD level Covers distance and face to face interviewing from the un structured and naturalistic to the highly structured focused and time efficient Emphasis is placed on using the most appropriate methods for the research purpose and how to identify which method is practicable Based on over thirty years of teaching and supervising research and

postgraduate students the author anticipates questions and difficulties at a level of practical detail Practical and easy to use this book is essential for anyone doing research interviewing The Research Interview, Uses and Approaches Michael Brenner, Jennifer Brown, David V. Canter, 1985 Survey Interviewing A field experiment on interviewer respondent interaction Questionnaire design in the context of information research A multiple sorting procedure for studying conceptual systems The content analysis of qualitative research data a dynamic approach Intensive interviewing Life story interviews and their interpretation Inferring from verbal reports to cognitive processes The uses of explanation in the research interview Scientists Interview talk interviews as a technique for revealing participants interpretative practices *InterViews* Steinar Kvale, 1996-04-09 Examines the role of the interview in the research process and then considers some of the key philosophical issues relating to interviewing such as the interview as conversation hermeneutics phenomenology ethics and postmodernism *Field Methods for Academic Research: Interviews, Focus Groups and Questionnaires 3rd Edition* Dan Remenyi, 2012-07-12 Interviews focus groups and questionnaires are everyday tools of the academic researcher in business and management studies Most research degrees and many academic peer reviewed journal papers have employed one or more of these techniques Ironically the knowledge and skills required to use these tools are not often well taught and the books available on these topics can be daunting This highly accessible book addresses these three field methods and explains how they may be employed to good effect The book also provides examples or research protocols letters and checklists which are of direct use to researchers using these methods The new edition includes chapters on data management data saturation and more Field Methods for Academic Research provides an accessible reference guide for those like me who need to be introduced to these practices in a jargon free way Robert Pulley Great job and indeed a very original book You have got what it takes to reflect both your academic and life experiences that assist many new researchers like myself George Simataa *Interviews in Qualitative Research* Nigel King, Christine Horrocks, 2010-02-28 Interviewing is used very widely in qualitative research and takes many different forms The qualitative interview is also a method that is constantly evolving in response both to theoretical and technological developments King and Horrocks present a clear and thorough guide to the use of interviews in contemporary qualitative research Writing in an accessible style with many practical examples the authors explore The key debates in the philosophy and theory underlying interview methods How to design and carry out interviews The special requirements of group and remote telephone and online interviewing The central issues of reflexivity and ethics The book also features a chapter which introduces the principles and practice of the thematic analysis of interview data and the book concludes with a detailed consideration of the use of interviews in two major qualitative research traditions phenomenological and narrative approaches Interviews in Qualitative Research is a must have text for students and researchers planning to use interview methods for themselves It is aimed at a broad range of disciplines with examples drawn from across the social educational and health sciences Interviewing as Qualitative Research Irving Seidman, 2006

The Third Edition of this bestselling resource provides clear step by step guidance for new and experienced interviewers to help them develop shape and reflect on interviewing as a qualitative research process While proposing a phenomenological approach to in depth interviewing the author also includes principles and methods that can be adapted to a range of interviewing approaches Using concrete examples of interviewing techniques to illustrate the issues under discussion this classic text helps readers to understand the complexities of interviewing and its connections to broader issues of qualitative research Equally popular for individual and classroom use the new Third Edition of Interviewing as Qualitative Research features an introduction to the Institutional Review Board IRB process in its historical context including an expanded discussion of informed consent and its complexities a special attention to the rights of participants in interview research as those rights interact with ethical issues and updated references and suggestions for additional reading for a deeper consideration of methodological ethical and philosophical issues including relevant Internet resources

**Interviewing** Kathryn Roulston, 2021-10-06 This book provides guidance to researchers about how to develop interview skills that align with their theoretical assumptions Connecting theory and method can be challenging for novice researchers Interviewing A Guide to Theory and Practice draws from and extends the author's earlier 2010 book and focuses on three interrelated issues how researchers theorize research interviews examine their subject positions in relation to projects and participants and explore the details of interview interaction to inform practice By developing these understandings of qualitative interview practice Kathryn Roulston shows how researchers can design and conduct quality research projects that draw on a wide range of interview practices to provide audience members and communities with significant findings concerning social problems

**What is Qualitative Interviewing?** Rosalind Edwards, Janet Holland, 2013-11-07 What is Qualitative Interviewing is an accessible and comprehensive what is and how to methods book It is distinctive in emphasising the importance of good practice in understanding and undertaking qualitative interviews within the framework of a clear philosophical position Rosalind Edwards and Janet Holland provide clear and succinct explanations of a range of philosophies and theories of how to know about the social world and a thorough discussion of how to go about researching it using interviews A series of short chapters explain and illustrate a range of interview types and practices Drawing on their own and colleagues experiences Holland and Edwards provide real research examples as informative illustrations of qualitative interviewing in practice and the use of a range of creative interview tools They discuss the use of new technologies as well as tackling enduring issues around asking and listening and power dynamics in research Written in a clear and accessible style the book concludes with a useful annotated bibliography of key texts and journals in the field What is Qualitative Interviewing provides a vital resource for both new and experienced social science researchers across a range of disciplines

**Reflective Interviewing** Kathryn Roulston, 2010-01-21 Qualitative researchers have long made use of many different interview forms Yet for novice researchers making the connections between theory and method is not always easy This book

provides a theoretically informed guide for researchers learning how to interview in the social sciences In order to undertake quality research using qualitative interviews a researcher must be able to theorize the application of interviews to investigate research problems in social science research As part of this process researchers examine their subject positions in relation to participants and examine their interview interactions systematically to inform research design This book provides a practical approach to interviewing helping researchers to learn about themselves as interviewers in ways that will inform the design conduct analysis and representation of interview data The author takes the reader through the practicalities of designing and conducting an interview study and relates various forms of interview to different underlying epistemological assumptions about how knowledge is produced The book concludes with practical advice and perspectives from experienced researchers who use interviews as a method of data generation This book is written for a multidisciplinary audience of students of qualitative research methods

*Conducting Research Interviews for Business and Management Students* Catherine Cassell, 2015-02-12 In *Conducting Research Interviews* Catherine Cassell guides you through conceptualizing the interview preparing for the research interview conducting the interview examples conclusions and next steps Ideal for Business and Management students reading for a Master s degree each book in the series may also serve as reference books for doctoral students and faculty members interested in the method Part of SAGE s *Mastering Business Research Methods Series* conceived and edited by Bill Lee Mark N K Saunders and Vadake K Narayanan and designed to support researchers by providing in depth and practical guidance on using a chosen method of data collection or analysis

**Handbook of Interview Research** Jaber F. Gubrium, James A. Holstein, 2001-07-25 Interviewing has become the window on the world of experience for both researchers and professionals But as familiar as interviewing is now its seemingly straightforward methodology raises more questions than ever What is the interviewer s image of those who are being interviewed Who is the interviewer in the eyes of the respondent From where do interviewers obtain questions and respondents get the answers that they communicate in interviews How do the institutional auspices of interviewing shape interview data Drawing upon leading experts from a wide range of disciplines to address these and related questions The *Handbook of Interviewing* offers a comprehensive examination of the interview at the cutting edge of information technology in the context of a challenging postmodern environment Encyclopedic in its breadth the *Handbook* provides extensive discussions of the conceptual and methodological issues surrounding interview practice in relation to forms of interviewing new technology diverse data gathering and analytic strategies and the various ways interviewing relates to distinctive respondents The *Handbook* is also a story that spins a particular tale that moves from the commonly recognized individual interview as an instrument for gathering data to reflections on the interview as an integral part of the information we gather about individuals and society

Qualitative Interviewing Svend Brinkmann, 2013-04-25 Qualitative interviewing has today become one of the most common research methods across the human and social sciences but it is an approach that comes in different guises

Qualitative Interviewing will help its readers write represent understand and critique qualitative interview research in its many forms as currently practiced The book begins with a theoretically informed introduction to qualitative interviewing by presenting a variegated landscape of how conversations have been used for knowledge producing purposes Particular attention is paid to the complementary positions of experience focused interviewing phenomenological positions and language focused interviewing discourse oriented positions which focus on interview talk as reports of the experiences of interviewees and accounts occasioned by the situation of interviewing respectively The following chapters address various ways of designing qualitative interview studies and a guide to writing up the methodological procedures and results of an interview study The book concludes with a presentation of the most common errors in interview reports offering a range of solutions and strategies for evaluating research findings based on qualitative interviews

Research Interview Bill Gillham,2001-06-01 The Research Interview acts as an aid to students and professionals who aim to achieve high standards of research either when training in research methods is unavailable or when practical guidance is needed This book provides a comprehensive knowledge of the basic techniques of interviewing as well as lessons in controlling an interview schedule using the techniques of questioning prompting and probing and analyzing the contents of interviews

*Research Interviewing* Bill Gillham,2005 The most comprehensive book available on methods in research interviewing What is research interviewing What techniques are used Exactly what do you do in each technique How is interview data analysed and written up The robust real world approach makes this book appropriate for practitioner researchers and postgraduate students up to PhD level Covers distance and face to face interviewing from the un structured and naturalistic to the highly structured focused and time efficient Emphasis is placed on using the most appropriate methods for the research purpose and how to identify which method is practicable Based on over thirty years of teaching and supervising research and postgraduate students the author anticipates questions and difficulties at a level of practical detail Practical and easy to use this book is essential for anyone doing research interviewing

**Qualitative Interviewing** Rosalind Edwards,Janet Holland,2023-08-10 First published Open Access under a Creative Commons license as What is Qualitative Interviewing this title is now also available as part of the Bloomsbury Research Methods series This book is a step by step guide for new and experienced social science researchers looking to use interviews in their projects Rosalind Edwards and Janet Holland explain a range of interview types and practices providing real research examples as informative illustrations of qualitative interviewing in practice and the use of a range of creative interview tools This new and expanded edition includes recent developments in the radical critique of interviews debate focusing on form and content of interviews the strategic shift to online interviewing in response to the Covid 19 pandemic discussion of the decolonization of methodology and research and the growing attention to indigenous methodologies for generating data and an assessment of the changing landscape for qualitative interviewing The authors explore the use of new technologies as well as tackling enduring issues around asking and listening

and power dynamics in research Written in a clear and accessible style the book concludes with an updated annotated bibliography of key texts and journals in the field

**The Research Interview** S. Mann, 2016-04-29 Research and Qualitative Interviews brings into focus the decisions that the interviewer faces by taking a data led approach in order to open up choices and decisions in the process of planning for managing analysing and representing interviews The chapters concentrate on the real time moment by moment nature of interview management and interaction A key feature of the book is the inclusion of reflexive vignettes that foreground the voices and experience of qualitative researchers both novices and more expert practitioners The vignettes demonstrate the importance of reflecting on and learning from interactional experience In addition the book provides an overview of different types of interviews commenting on the orientation and make up of each type Overall this book encourages reflective thinking about the use of research interviews It distinguishes between reflection reflective practice and reflexivity All the chapters focus on recurring choices dilemmas and puzzles offering advice in opening out and engaging with these aspects of the research interview

**Research Interviewing: The Range Of Techniques** Gillham, Bill, 2005-08-01 It covers distance and face to face interviewing from informal conversations through to highly structured focused and time efficient interviewing Cover
