

RESEARCH METHODOLOGIES

Research methodologies can roughly be categorized into three groups: quantitative, qualitative, and mixed-methods.

QUALITATIVE RESEARCH

Qualitative research investigates human experiences and behavior through non-numerical data collection and analysis.

QUANTITATIVE RESEARCH

Quantitative research examines relationships between variables using numerical data and statistical techniques.

MIXED METHODS RESEARCH

Mixed methods research combines qualitative and quantitative approaches to provide a more holistic understanding of a research question.

Research Methods And The New Media

L Cohen

Research Methods And The New Media:

Research Methods and the New Media Frederick Williams, Ronald E. Rice, Everett M. Rogers, 1988-09-26 The new media interactive videodiscs telecommunications computers VCRs teletext systems and more present researchers with new challenges when it comes to studying practical applications or theoretical effects This valuable volume aids researchers in first recognizing the special qualities of interactivity demassification and asynchronicity that the new media have created and to instruct professional researchers and students in alternative research methods multiple methods and the triangulation of results For the first time a variety of methods are examined as they apply to new media research including mathematical modeling controlled experiments quasiexperiments surveys longitudinal studies field studies archival and secondary research futures research and forecasting content analysis case studies and focus groups Whether the problem to be researched is as focused as considering the cost benefit for a school wishing to adopt computers in the classroom or as wide ranging as determining the effects of video games on child socialization this up to date and thorough guide alerts researchers to the pitfalls of traditional methodology and offers a firm foundation upon which they can build reliable accurate projects able to produce sound results

[Qualitative Research Methods for Media Studies](#) Bonnie S. Brennen, 2021-10-25 This fully updated third edition provides students and researchers with the tools they need to perform critically engaged theoretically informed research using methods that include interviewing focus groups historical research oral histories ethnography and participant observation textual analysis and digital research Each chapter features step by step instructions that integrate theory with practice as well as a case study drawn from published research demonstrating best practices for media scholars Readers will also find in depth discussions of the challenges and ethical issues that may confront researchers using a qualitative approach With new case studies and examples throughout this third edition also includes updated and expanded material on digital technologies and platforms how to perform social media research how to analyze a variety of multimedia texts and reflections on the use of big data A comprehensive and accessible guide for those hoping to explore this rich vein of research methodology this book provides students and scholars with the all tools they need to be able to work in today s convergent media environment

Research Methods and the New Media Frederick Williams, Ronald E. Rice, Everett M. Rogers, 1988 The new media interactive videodiscs telecommunications computers VCRs teletext systems and more present researchers with new challenges when it comes to studying practical applications or theoretical effects This valuable volume aids researchers in first recognizing the special qualities of interactivity demassification and asynchronicity that the new media have created and to instruct professional researchers and students in alternative research methods multiple methods and the triangulation of results For the first time a variety of methods are examined as they apply to new media research including mathematical modeling controlled experiments quasiexperiments surveys longitudinal studies field studies archival and secondary research futures research and forecasting content analysis case studies and focus groups Whether the problem to

be researched is as focused as considering the cost benefit for a school wishing to adopt computers in the classroom or as wide ranging as determining the effects of video games on child socialization this up to date and thorough guide alerts researchers to the pitfalls of traditional methodology and offers a firm foundation upon which they can build reliable accurate projects able to produce sound results

The SAGE Handbook of Social Media Research Methods Luke Sloan, Anabel Quan-Haase, 2017-01-26 With coverage of the entire research process in social media data collection and analysis on specific platforms and innovative developments in the field this handbook is the ultimate resource for those looking to tackle the challenges that come with doing research in this sphere

[The SAGE Handbook of Social Media Research Methods](#) Anabel Quan-Haase, Luke Sloan, 2022-09-02 The SAGE Handbook of Social Media Research Methods spans the entire research process from data collection to analysis and interpretation This second edition has been comprehensively updated and expanded from 39 to 49 chapters In addition to a new section of chapters focussing on ethics privacy and the politics of social media data the new edition provides broader coverage of topics such as Data sources Scraping and spidering data Locative data video data and linked data Platform specific analysis Analytical tools Critical social media analysis Written by leading scholars from across the globe the chapters provide a mix of theoretical and applied assessments of topics and include a range of new case studies and data sets that exemplify the methodological approaches This Handbook is an essential resource for any researcher or postgraduate student embarking on a social media research project

PART 1 Conceptualising and Designing Social Media Research
PART 2 Collecting Data
PART 3 Qualitative Approaches to Social Media Data
PART 4 Quantitative Approaches to Social Media Data
PART 5 Diverse Approaches to Social Media Data
PART 6 Research Analytical Tools
PART 7 Social Media Platforms
PART 8 Privacy Ethics and Inequalities

Social Media Research Methods Joseph P. Mazer, Brandon C. Boatwright, Nathan J. Carpenter, 2023-11-02 Filling a gap in the literature and featuring an emphasis on using new media in communication research Social Media Research Methods introduces students to a variety of social media research methods and data analysis strategies The text recognizes the richness of the data available within social media platforms and underscores the importance of employing effective research methods to make meaning of that data By integrating applied concepts theories and practical advice for working with and presenting social media data the textbook arms students with the latest research and social media tools It begins by introducing students to scholarly and industry applications of social media research methods before outlining the complete process of developing social media research questions and data collection procedures The book then transitions to devoting individual chapters to a social media analysis tool The final chapter outlines the process of writing and presenting social media research for scholarly and industry audiences Each chapter features interactive applied examples and exercises as well as review questions to bring the material to life and reinforce key learnings A comprehensive resource designed to help students use cutting edge timely research methods within the discipline Social Media Research Methods is an exemplary textbook for courses in communication

research methods Action Research and New Media Greg Hearn,2009 Action research is now a well documented and well accepted research methodology Moreover it is especially appropriate in new media research where innovation and change are continual and where processes and outcomes are usually not predictable and often involve fuzzy and subjective human elements This book offers a systematic in depth academic overview of the application of action research methods to the field of new media In this space it is the first publication of its kind in what is a new but rapidly growing field The book is divided into two sections Introducing the two key concepts namely new media and action research the first section describes the underlying principles processes questions methods and tools that are relevant to an action research approach to new media inquiry This is followed by a deeper exploration of three advanced innovative approaches to action research and new media ethnographic network and anticipatory action research The third and final section presents four case studies and their individual applications of action research in different new media contexts Doing Media Research Susanna Hornig Priest,2010 Comprehensive and comprehensible Doing Media Research is an accessible introduction to both qualitative and quantitative methods in media communication Written in a straightforward and engaging style this text takes the student through media research step by step In order to provide students with a thorough understanding of the purpose and theories behind the various methodological approaches the text is divided into four distinct sections Part One lays out the foundations to each approach Part Two describes the types of research questions and data collection required Part Three details a range of quantitative approaches and Part Four examines qualitative methods Author Susanna Priest concludes with a discussion of special considerations for current media research including the feminist contribution international and intercultural perspectives and new media technology She also invites the reader to tackle issues such as ethics objectivity and the interpretation of data Useful exercises are provided at the end of each chapter and there is a glossary which defines key terms and concepts ECRM2014-Proceedings of the 13th European Conference on Research Methodology for Business and Management Studies Dr Martin Rich,Dr Anne Brown,2014-06-16 *Rethinking Research Methods in an Age of Digital Journalism* Michael Karlsson,Helle Sjøvaag,2018-10-18 The digital infrastructure of media production dissemination and consumption is becoming increasingly complex presenting the challenge of how we should research the digital journalism environment Digital journalism takes many forms we therefore need to revise improve adjust and even invent methods to understand emerging forms of journalism In this book scholars at the forefront of methodological innovations in digital journalism research share their insights on how to collect process and analyse the diverse expressions of digital journalism including online news search results hyperlinks and social media posts As digital journalism content often comes in the form of big data many of these new approaches depart from the traditional methods used in media research in significant ways As we move towards new ways of understanding digital journalism the methods developed for such purposes also need to be grounded in scientific rigour This book aims to share some of the emerging processes by which these methods tools and

approaches are designed implemented and validated As such this book not only constitutes a benchmark for thinking about research methods in digital journalism it also provides an entry point for graduate students and seasoned scholars aiming to do research on digital journalism This book was originally published as a special issue of Digital Journalism Research Methods for Social Media Journalism Jonathan Hendrickx, Michaël Opgenhaffen, 2025-11-03 This volume summarises novel and diverse research methods for both quantitative and qualitative social media journalism based research It will appeal to early career and experienced scholars alike who want to study the flow of contemporary news content across various social media platforms **Handbook of New Media** Leah A Lievrouw, Sonia Livingstone, 2002 The Handbook of New Media sets out boundaries of new media research and scholarship and provides a definitive statement of the current state of the art

Rethinking Research Methods in an Age of Digital Journalism Michael Karlsson, 2019 The digital infrastructure of media production dissemination and consumption is becoming increasingly complex presenting the challenge of how we should research the digital journalism environment Digital journalism takes many forms we therefore need to revise improve adjust and even invent methods to understand emerging forms of journalism In this book scholars at the forefront of methodological innovations in digital journalism research share their insights on how to collect process and analyse the diverse expressions of digital journalism including online news search results hyperlinks and social media posts As digital journalism content often comes in the form of big data many of these new approaches depart from the traditional methods used in media research in significant ways As we move towards new ways of understanding digital journalism the methods developed for such purposes also need to be grounded in scientific rigour This book aims to share some of the emerging processes by which these methods tools and approaches are designed implemented and validated As such this book not only constitutes a benchmark for thinking about research methods in digital journalism it also provides an entry point for graduate students and seasoned scholars aiming to do research on digital journalism This book was originally published as a special issue of Digital Journalism Provided by publisher *Monographs of the Rockefeller Institute for Medical Research* Rockefeller Institute for Medical Research, 1911 *Mass Communication Research Methods: Researching media institutions, organisations, professionals and production (continued). Political economy (media institutions). The political economy of communications* Anders Hansen, 2009 **SOCIAL MEDIA RESEARCH METHODS.** , 2020 Mediamerica, Mediaworld Edward Jay Whetmore, 1993 The New Media and Education , 1966 The Evolution of New Media in Canada , 1991 **New Media and New Literacies** Brian Thomas Reilly, 1998
