Making Kingdom Disciples A New Framework:

Making Kingdom Disciples Charles Dunahoo,2022-06 **Making Kingdom Disciples** Charles H. Dunahoo,2005 A strategic biblical approach to education and discipleship knowing the Word framework for ministry knowing the world context for ministry and biblical models for application **The Maturing Church** Ermias G. Mamo,2017-12-31 For a church to be considered mature an integrated approach between contextualization discipleship and mission is required Globally the church is facing multiple challenges both from within and from without Despite the challenges however churches in the Majority World continue to grow rapidly But is this growth in numbers accompanied by spiritual depth And is this growth built upon biblical and theological foundations so that the church can play its transforming role in the world In this book Dr Ermias Mamo makes the case for an integrated approach guiding the reader through the topics of discipleship mission and contextualization for which he uses his home country of Ethiopia as a working example Dr Mamo closes with strategies for effective contextualized discipleship and the impact such an approach will have on the future of the church This is a resource that will benefit all who wish to be part of a church that seeks to shape its theological learning institutional structure and core values around their identity in Christ and God given mission Word and Power Gareth W. D. Stewart,2015-02-16 Historically the Reformed and Charismatic streams have seemed to be almost mutually exclusive In recent years this exclusivity has been being challenged by a new generation of Reformed thinkers This work aims at considering the contribution of John Wimber the late leader of the Vineyard Churches to contemporary theological reflection within the Reformed tradition Taking into account John Wimber's unique theology of the radical middle which is somewhere between Pentecostal and Evangelical this book asks whether Wimber may be a possible alternative source for the contemporary Reformed Churches as they approach ministry and mission in the twenty first century Written from a confessional Presbyterian context in Northern Ireland Word and Power places Wimber in his theological context and asks whether Wimber's view of power evangelism discipleship formation and ministry training might be a model that Reformed Churches and Presbyterians in particular could adopt for their ecclesiology today **Lilies That Fester** John Bossert Brown,2022-12-20 The twentieth century promised much in terms of progress Europe was at peace and America was poised to become a world superpower Certain religious leaders envisioned new programs to help the poor while others pondered plans to evangelize the world Protestants in America were divided over issues such as biblical authority and social programs but there was a surface unity and a widespread agreement shared with Catholic and Orthodox Christians about the sanctity of human life an ethic rooted in the Bible and church history Seventy nations responding to medical advances in obstetrics fetology and a growing concern for women's health had moved to prohibit abortion Today 120 years later there is a deep division among Christians and in American society about abortion and much else The causes are no doubt complex but several things are clear Worldwide there have been over one billion unborn children destroyed by abortion There have been

seventy three million unborn children destroyed by abortion in the United States over half of them to women who identify as Christians In a century of massive violence due to war planned famines mass executions and terror abortion reigns supreme That the Judeo Christian ethic of the sanctity of life has been shredded owes much to the scandal of Christian discipleship

Seated in the Heavenly Realms Young Jae Song,2022-08-04 This book explains key doctrines in theology from the perspective of biblical eschatology Eschatology first appears in Genesis rather than in Revelation for it is about the chief end of man and God s creation It is placed in the beginning rather than at the end of theology as the central and foundational motif The chief end of man in the Westminster Shorter Catechism for instance is an eschatological concept in nature as well as in redemption Eschatology precedes redemption but the eschatology of nature is fulfilled through the eschatology of redemption in Jesus Christ The Golden Chain of Ordo Salutis and the progress of redemptive history will be interpreted from the perspectives of covenant eschatology and Christology

The Kingdom of God Is among You Gordon D. Fee,Cherith Fee Nordling,2025-03-17 In this exciting volume a renowned New Testament scholar provides his lectures on New Testament theology and provides us a window on his approach on a variety of issues He describes the task as follows New Testament theology is the art of giving coherence to the collective witness of the twenty seven New Testament documents as they attest to the Christian faith while not sacrificing the historical particularity of any one text or author within the canon and to do this as clearly as possible and with as much consistency and unity as possible New Testament theology deals with all the New Testament We must resist the tendency to find a canon within the canon or to neglect some lesser figures in the New Testament canon New Testament theology is first of all a descriptive task i e we must first try to describe what is there But given our stance toward Scripture what we describe also becomes prescriptive or normative We must never forget that the writings of the New Testament are ad hoc documents written in each and every case to speak to a specific need Thus rather than careful systematic presentations of theology such as in a book or a lecture the earliest Christian theology is worked out in the marketplace as it were Therefore we must be careful not to force the New Testament writers to answer all of our questions nor even to use our logic or thought forms excerpted from chapter 1
