**William Faulkner** Daniel Joseph Singal,2000-11-09 Amid all that has been published about William Faulkner one subject the nature of his thought remains largely unexplored But as Daniel Singal s new intellectual biography reveals we can learn much about Faulkner s art by relating it to the cultural and intellectual discourse of his era and much about that era by coming to terms with his art Through detailed analyses of individual texts from the earliest poetry through Go Down Moses Singal traces Faulkner s attempt to liberate himself from the repressive Victorian culture in which he was raised by embracing the Modernist culture of the artistic avant garde To accommodate the conflicting demands of these two cultures Singal shows Faulkner created a complex and fluid structure of selfhood based on a set of dual identities one that of a Modernist author writing on the most daring and subversive issues of his day and the other that of a southern country gentleman loyal to the conservative mores of his community Indeed it is in the clash between these two selves Singal argues that one finds the key to making sense of Faulkner

**Making History New** Seamus O'Malley,2014-10-24 Guided by Ezra Pound s dictum Make it new a generation of writers set out to create fiction and poetry that was unlike anything that came before it However as Seamus O Malley shows historical narrative was a key site for modernist experimentation Taking three of literary modernism s major figures Joseph Conrad Ford Madox Ford and Rebecca West Making History New demonstrates how the movement s literature not only engaged with history but also transformed traditional approaches to its telling in unique ways Informed by Paul Ricoeur s belief that narrative is necessary to comprehend historical processes the study closely examines four major modernist historical novels Conrad s Nostromo interrogates the very term history as it relates the political tumult of a fictitious Latin American country while Ford s The Good Soldier mirrors the cyclical nature of historiography with a protagonist who returns repeatedly to intense periods of his own past to better comprehend them Two epochal World War I novels The Return of the Soldier and Parade s End depict shell shocked veterans that illustrate the paradox of an accurate historical rendering achieved through the process of amnesia These novels in O Malley s view lead to the high point of what he terms modernist historiography Rebecca West s innovative 1941 travelogue Black Lamb and Grey Falcon and its preoccupation with history s impossibility The monograph concludes with a brief consideration of how historians since World War II have adopted some of the approaches to narrative inaugurated by literary modernists while wrestling with how to relate unthinkable atrocities such as genocide Ultimately Making History New foregrounds narrative s essential role as a bridge between fiction and history as

it explores the process by which collective human experience becomes historical narrative **MAKING MODERNISM.**

Michael C. Fitzgerald, 1995 *Making it Modern* Aaron Betsky, 2016-12-15 At its root modernism is that fundamental It is a question of having something to represent that is of the moment In the most radical interpretation modernism always comes too late The modern is that which is always new which is to say always changing and already old by the time it has appeared Modernism is always a retrospective act one of documenting or trying to catch what has already appeared an attempt to fix life as it is being lived Modernity is just the very fact that we as human beings are continually remaking the world around us through our actions and are doing so consciously Modernism is a monument to or memory of that act which in its own making tries to remake the world it is pretending to represent **Acrobatic Modernism from the Avant-Garde to**

**Prehistory** Jed Rasula, 2020-02-27 This is a book about artistic modernism contending with the historical transfigurations of modernity As a conscientious engagement with modernity's restructuring of the lifeworld the modernist avant garde raised the stakes of this engagement to programmatic explicitness But even beyond the vanguard the global phenomenon of jazz combined somatic assault with sensory tutelage Jazz like the new technologies of modernity re calibrated sensory ratios The criterion of the new as self making also extended to names pseudonyms and heteronyms The protocols of modernism solicited a pragmatic arousal of bodily sensation as artistic resource validating an acrobatic sensibility ranging from slapstick and laughter to the pathos of bereavement Expressivity trumped representation The artwork was a diagram of perception not a mimetic rendering For artists the historical pressures of altered perception provoked new models and Ezra Pound's slogan Make It New became the generic rallying cry of renovation The paradigmatic stance of the avant garde was established by Futurism but the discovery of prehistoric art added another provocation to artists Paleolithic caves validated the spirit of all over composition unframed and dynamic Geometric abstraction Constructivism and Purism and Surrealism were all in quest of a new mythology Making it new yielded a new pathos in the sensation of radical discrepancy between futurist striving and remotest antiquity The Paleolithic cave and the USSR emitted comparable siren calls on behalf of the remote past and the desired future As such the present was suffused with the pathos of being neither but subject to both Body And Soul: The

**Soviet** Pamela Kachurin, 2013 This book provides an understanding of the ideological engagement of Russian modern artists such as Kazimir Malevich Alexander Rodchenko and Vera Ermolaeva with the political and social agenda of the Bolsheviks in the chaotic years immediately following the Russian Revolution Focusing on the relationship between power brokers and cultural institutions under conditions of state patronage the author lays to rest the myth of the imposition of control from above upon a victimized artistic community Drawing on extensive archival research she shows that Russian modernists used their positions within the expanding Soviet arts bureaucracy to build up networks of like minded colleagues Their

commitment to one another and to the task of creating a socially transformative visual language for the new Soviet context allowed them to produce some of their most famous works of art But it also contributed to the Sovietization of the art world that eventually sealed their fate

twenty essays commissioned for the present volume Modernism never vanished It remains our immovable feast Modernism was international in scope it left its mark on all genres from literature and painting to opera dance and architecture it pushed the boundaries of what was artistically possible and aesthetically important and finally for all its destructive urges which it shared with the century itself it was also celebrative This book is a response to the exhibition of the same name that opened at the Harry Ransom Center in October 2003 It includes original essays by such noted writers and artists as Russell Banks Anita Desai David Douglas Duncan Elizabeth Hardwick and Penelope Lively which offer fresh perspectives on important Modernist figures including William Gaddis Ezra Pound William Faulkner E M Forster Paul Robeson Virginia Woolf Henry James Joseph Conrad Frank Lloyd Wright and Le Corbusier In addition essays by leading scholars in literature and art history focus on specific artifacts included in the exhibit As the Center's Director Thomas F Staley puts it in the Foreword Ours is an attempt not of definition but of discovery and rediscovery Book and exhibition permit both reader and viewer to experience the textures structures and resonances which made the first part of the twentieth century so innovative that its art is still virtually synonymous with what newness means

*Digital Modernism* Jessica Pressman, 2014-02 *Digital Modernism* examines how and why some of the most innovative works of online electronic literature adapt and allude to literary modernism Digital literature has been celebrated as a postmodern form that grows out of contemporary technologies subjectivities and aesthetics but this book provides an alternative genealogy Exemplary cases show electronic literature looking back to modernism for inspiration and source material in content form and ideology through which to critique contemporary culture In so doing this literature renews and reframes rather than rejects a literary tradition that it also reconfigures to center around media To support her argument Pressman pairs modernist works by Pound Joyce and Bob Brown with major digital works like William Poundstone's *Project for the Tachistoscope* *Bottomless Pit* 2005 Young hae Chang *Heavy Industries's* *Dakota* and Judd Morrissey's *The Jew's Daughter* With each pairing she demonstrates how the modernist movement of the 1920s and 1930s laid the groundwork for the innovations of electronic literature In sum the study situates contemporary digital literature in a literary genealogy in ways that rewrite literary history and reflect back on literature's past modernism in particular to illuminate the crucial role that media played in shaping the ambitions and practices of that period
