The Making of French Absolutism David Parker (Ph. D.),1983 *French Absolutism: the Crucial Phase*, 1968

Marxism and History S. H. Rigby,2024-06-04 This critically acclaimed book now in its second edition is firmly established as an essential guide to this recent historiographical debate Adopted as a set book by the Open University An indispensable guide to Marxist historiography for undergraduates [The Myth of Absolutism](#) Nicholas Henshall,2014-06-06 Conventionally absolutism in early modern Europe has suggested unfettered autocracy and despotism the erosion of rights the centralisation of decision making the loss of liberty Everything in a word that was un-British but characteristic of ancien régime France Recently historians have questioned such comfortably simplistic views This lively investigation of absolutism in action continent wide but centred on a detailed comparison of France and England dissolves the traditional picture to reveal a much more complex reality and in so doing illuminates the varied ways in which early modern Europe was governed

The French Wars of Religion, 1562-1629 Mack P. Holt,2006-01-12 This is the 2005 second edition of a comprehensive study of the French wars of religion *The Origins of French Absolutism, 1598-1661* Alan James,2014-01-14 This controversial study takes the provocative line that the French monarchy was a complete success James turns the idea of royal absolutism on its head by redefining the French monarchy's success from 1598-1661 *The Origins of French Absolutism 1598-1661* maintains that building blocks were not being laid by the so-called architects of absolutism but that by satisfying long established traditional ambitions cardinal ministers Richelieu and Mazarin undoubtedly made the confident ambitious reign of the late century possible [French Absolutism: The Crucial Phase, 1620-1629](#) A. D. Lublinskaya,1968-08-01 As an introduction to her detailed study Professor Lublinskaya presents a summary and critique of the whole general crisis interpretation of seventeenth century European history which is regularly a subject for heated debate among Western historians However it is as a specialist in the history of seventeenth century France that Professor Lublinskaya approaches the problem of the general crisis The major part of her book is a detailed analysis of the political social and economic history of the France of Louis XIII a crucial period for the development of the French monarchy *The Dream of Absolutism* Hall Bjørnstad,2021-10-15 *The Dream of Absolutism* examines the political aesthetics of power under Louis XIV What was absolutism and how did it work What was the function of the ostentatious display surrounding Louis XIV at Versailles What is gained and what is lost by approaching such expressions of absolutism as propaganda as present day scholars tend to do In this sweeping reconsideration of absolutist culture Hall Bjørnstad argues that the exuberance of Louis XIV's reign was not top-down propaganda in any modern sense but rather a dream dreamt collectively by king court image makers and nation alike Bjørnstad explores this dream through a sustained close analysis of a corpus of absolutist artifacts ranging from Charles Le Brun's famous paintings in the Hall of Mirrors at Versailles via the king's secret Mmoires to two little known particularly extravagant verbal and textual celebrations of the king *The dream of absolutism* Bjørnstad concludes lives at the intersection

of politics and aesthetics It is the carrier of a force that emerges as a glorious image a participatory emotional reality that requires reality to conform to it It is a dream finally that still shapes our collective political imaginary today *Richelieu* R J Knecht,2014-01-09 This concise and up to date assessment of Richelieu s career provides an enthralling introduction to the character and exercise of his power Richelieu governed France for 18 years until his death and until the mid 20th century was viewed by Anglo Saxon historians as cold clever and ruthless Recent interpretations have been more favourable and in this incisive study R J Knecht uses recent research to reassess Richelieu s career and achievements **A History of World Societies: From 1100 through the French Revolution** John P.
