Long Balls, No Strikes Joe Morgan, 1999 Nobody loves baseball more than Joe Morgan He's proved it with his hall of fame performance on the field and his brilliant color commentary in the broadcast booth Bob Costas says There may not be anyone alive who knows more about baseball than Joe Morgan In his playing days Morgan was a key cog in the Big Red Machine and he saw the game at its zenith From his perch in the broadcast booth he watched as baseball self destructed culminating in the devastating strike of 1994 And in 1998 he saw the game come back with baseball's electrifying resurgence in the season of McGwire Sosa and the Yankees But as great as '98 was Joe knows that baseball still has a lot of problems And while baseball may be back Joe wants the fans the players and the owners to know that some serious changes still need to be made In Long Balls No Strikes Morgan draws on three decades experience and passion as he dissects what has gone wrong and right for baseball Some of his insights may seem unorthodox some will be controversial but that's never stopped Joe Morgan before How do we improve the game on the field Raise the mound Abolish the designated hitter forever Make the umpires learn the strike zone And that's only the beginning How do we improve the game off the field Erase the invisible color line that keeps African Americans from holding management positions Expand the talent pool by sending more scouts to the inner cities Have all teams share equally from the same profit pool And that's not all Joe Morgan doesn't believe in the good old days Tomorrow's game can be even better than yesterday's But at the end of the century the game stands at a crossroads One path leads right back to the troubles that nearly destroyed the game forever in 1994 The other leads to a new Golden Age If baseball wants to continue to thrive some changes must be made But before there are changes we need to ask the right questions And if Joe Morgan doesn't know the answers then no one does From the Hardcover edition **The Black Stars Who Made Baseball Whole** Rick Swaine, 2014-09-24 For major league baseball the decade following Jackie Robinson's 1947 debut was one of slow yet persistent change Four other black players made their first brief big league appearances that year followed by only two in 1948 and four in 1949 But by the end of 1959 122 black ballplayers had made it to the big leagues Like Robinson their lives were made difficult off the field and on it they dodged beanballs and spikes This

book brings attention to the accomplishments of this transitional generation of African American players made up of men like Luscious Luke Easter Sam The Jet Jethroe and Sad Sam Jones many of whom spent years in the minors the Negro leagues or both before getting their shot Chapters on each season from 1947 to 1959 incorporate biographical and career profiles for 25 players who stood out during baseball s integration A final chapter covers the outstanding minor league players who for various reasons never got a real chance to play major league ball Appendices include a roster of black major leaguers from 1947 through 1959 a list of black player firsts and statistics on the year by year population of black players in the majors
