Process Reengineering Lon Roberts,1994 Today s organizations can enjoy vast improvements when processes are adjusted through reengineering But unless they can identify which processes need improvement these companies may be wasting time and other resources Process Reengineering reduces this risk showing readers how to evaluate processes for reengineering potential This concise guide also prepares the work force for the general and technological challenges associated with any type of radical change **Information Systems Research** Bonnie Kaplan,Duane P. Truex,David Wastell,A.Trevor Wood-Harper,Janice I. DeGross,2006-04-11 Information Systems Research Relevant Theory and Informed Practice comprises the edited proceedings of the WG8 2 conference Relevant Theory and Informed Practice Looking Forward from a 20 Year Perspective on IS Research which was sponsored by IFIP and held in Manchester England in July 2004 The conference attracted a record number of high quality manuscripts all of which were subjected to a rigorous reviewing process in which four to eight track chairs associate editors and reviewers thoughtfully scrutinized papers by the highly regarded as well as the newcomers No person or idea was considered sacrosanct and no paper made it through this process unscathed All authors were asked to revise the accepted papers some more than once thus good papers got better With only 29 percent of the papers accepted these proceedings are significantly more selective than is typical of many conference proceedings This volume is organized in 7 sections with 33 full research papers providing panoramic views and reflections on

the Information Systems IS discipline followed by papers featuring critical interpretive studies action research theoretical perspectives on IS research and the methods and politics of IS development Also included are 6 panel descriptions and a new category of bright idea position papers 11 in all wherein main points are summarized in a pithy and provocative fashion

The Strategy Process Henry Mintzberg, James Brian Quinn, Sumantra Ghoshal, 1995 This is the first European edition of Mintzberg and Quinn's Strategy Process Based upon the second edition of the original this version has been radically revised to produce a shorter more European approach more than 60% of the cases are now fully European There are important new readings to replace older or inappropriate readings and a new section on the global context is included All of the revisions have been made in response to extensive feedback from European adopters

Automating Business Process Reengineering Gregory A. Hansen, 1997 Automating Business Process Reengineering is the only book of its kind that tells you not only what you need to know but shows you how to put that knowledge to work immediately The book includes numerous examples that demonstrate the power of computer aided reengineering in action A few years ago simulation tools weren't available to anyone except experts in the field Now these powerful low cost visual simulation tools are designed for practical use This book is meant for anyone responsible for process or profit improvement in an organization

Information Systems Foundations Dennis N. Hart, Shirley Diane Gregor, 2007-11-01 This volume contains the papers presented at the third biennial Information Systems Foundations Theory Representation and Reality Workshop held at The Australian National University in Canberra from 27-28 September 2006 The focus of the workshop was as for the others in the series the foundations of Information Systems as an academic discipline The particular emphasis was as in past workshops the adequacy and completeness of theoretical underpinnings and the research methods employed At the same time the practical nature of the applications and phenomena with which the discipline deals were kept firmly in view Accordingly the papers in this volume range from the unashamedly theoretical in their focus Designing for Mutability in Information Systems Artifacts Towards a Unified Theory of Fit Task Technology and Individual to the much more practically oriented An Action Centred Approach to Conceptualising Information Support for Routine Work
