Profitable Sheep and Goat Farming Z. a Pampori, 2017 Sheep and goats have served poor people's most reliable
livelihood resource since their domestication during Neolithic Revolution Worldwide over 100 million people in arid areas
have only possible source of livelihood by grazing small ruminants Grazing sheep and goats can improve soil and vegetation
cover and plant and animal biodiversity Sheep and goats thrive well in varied climatic conditions get adapted easily to
environment require less care and management and are suitable for meat milk wool skins and manure production Mutton
and Chohan is consumed throughout the country without involving any religious taboo Together the goat and sheep rearing
households constitute 15 per cent of the total number of households in the country The book contains a package of farm
practices encompassing housing handling feeding health care record keeping fodder and manure management as well as
project reporting for sheep and goats This precise package of practices hopefully shall benefit all the farmers engaged in
small ruminant farming as well as all those educated entrepreneurs that are willing to take livestock rearing as their career
option It will guide through all aspects of sheep and goat farm management It is hoped that the book will help farmers in
managing their livestock and teachers equally in imparting academic instructions to veterinary graduates [A Guide to](#)
