References **The Making of Modern Samoa** Malama Meleisea, 1987 Since independence in January 1962 several constitutional court cases have exposed the dilemma which the Western Samoa Government is facing balancing fa a Samoa Samoan customs and traditions with Western legal systems of authority This book traces the clash between Samoan and Western notions of government and law from the 1830s to the 1980s emphasizing the hitherto neglected interpretation of events from a Samoan perspective As a critical reinterpretation of the literature on Western Samoa drawing on oral sources and material from the archives of the Land and Titles Court of Western Samoa the book provides important new insights into pre colonial regimes racial issues and the contemporary political problems of the independent state of Western Samoa Back cover

Texts and Contexts Doug Munro, Brij V. Lal, 2005-11-30 Texts and Contexts is concerned with the development of Pacific Islands history as a specialization in its own right Specifically this volume examines the foundational texts that pioneered and consolidated the new subdiscipline and served as the building blocks and stepping stone for further developments in the field Thirty five texts all of which represent defining points in the development of Pacific Islands historiography are examined Much more than retrospective appraisals of the foundational texts the individual chapters consider a text or complimentary texts within the context of the time of writing and gauge what ongoing influence they exerted In some cases they suggest how a particular text has been superseded by subsequent work that breaks new conceptual ground in the ongoing process of revisionism Contributors Chris Ballard on Gavin Souter Ivan Brady on Greg Denning I C Campbell on Norma McArthur Bronwen Douglas and Doug Munro on H E Maude and Dorothy Shineberg Michael Goldsmith on Marshall Sahlins David Hanlon on Francis X Hezel K R Howe on Andrew Sharp and David Lewis Brij V Lal on K L Gillion and Peter Corris Hugh Laracy on Niel Gunson and Ta unga Lamont Lindstrom on Peter Worsley and Peter Lawrence Doug Munro on Douglas L Oliver R P Gilson J W Davidson and K R Howe Vincent O Malley on Keith Sinclair and Alan Ward Jon Osorio on Ralph Kuykendall and Gavan Daws Tom Ryan on Bernard Smith Jane Samson on W P Morrell and Deryck Scarr Francis West on Francis West and Gavan Daws Glyndwr Williams on O H K Spate

skilled in what Gershon calls reflexive engagement with the multiple social orders they inhabit Those who are successful are able to parlay their own cultural expertise their Samoanness into an ability to subtly alter the institutions with which they interact in their everyday lives Just as the cultural is sometimes constrained by the forces exerted by acultural institutions so too can migrant culture reshape the bureaucracies of their new countries Theoretically sophisticated yet highly readable No Family Is an Island contributes significantly to our understanding of the modern immigrant experience of making homes abroad

Samoa Tula'i Featuna'i Ben Liuaana, 2001 This study consists of eleven chapters and a conclusion Chapter One is entitled Introduction Echoes From the Past It serves several purposes It introduces briefly a summation of the political aspirations of Malietoa Vaiinupo who accepted the LMS mission and the political mayhem that beset Samoa from the 1850s to 1962 The introduction also introduces briefly the relationship between the Samoan LMS Church the LMS missionaries and Samoan politics and how these interacted with one another during the political turmoil in the late nineteenth century and the nationalistic fervour of the Samoans In the early twentieth century The next ten chapters are presented chronologically as far as it is possible although the guiding principle for the placement of each chapter is thematic consisting mainly of case studies Chapter Two entitled A German Plantation and Samoan Aspirations looks at the German administration of Samoa from 1900 to 1914 The study highlights various factors issues and events that contributed to the motivation of Samoans towards independence It looks at Germany s treatment of Samoans under Wilhelm Solf and how Samoans reacted to Solf s administration The chapter points to inconsistencies in the German administration and Samoan misunderstanding as to their role and Germany s role in the administration of Samoa The study illustrates Solf s negative treatment of Samoan protocol which eventually led to hostility rejection and anti German opinions and the role of the missions in supporting the German regime to the displeasure of the Samoans The view of the LMS mission and the Samoan LMS Church leaders on the issue of independence during the German period is also discussed Chapter Three is entitled The

Oloa Kamupani Controversy This is a case study taken out of the German administration era The Oloa Kamupani Goods Company was a Samoan enterprise which struck a chord with the political aspirations of some of the Samoan leaders Although initiated by a part-European opportunist the Samoan Faipule immediately entertained the idea The Samoans were reeling under Self's administration policies which had taken away most of the Samoan protocol The political leaders were looking for a way to reassert their authority albeit an economic one The Oloa Kamupani gave the Samoans the opportunity to control their own economic future while indirectly voicing an economic protest at the low price offered by the merchants and the Germans for their products It gave Samoans like Mata afa losefo and Lauaki Namulau ulu Mamoe the opportunity to regain political ascendancy especially in the eyes of the Samoans The German administration's reaction to the Samoan enterprise and the consequence thereafter set a bitter anti-German reaction Chapter Four is entitled The Mau a Pule Conflict This is the second case study from the German administration period The Mau a Pule conflict is further evidence of the anger stored up within the Samoan community The German administration had by 1909 destroyed all the customs tradition and authority that meant anything to the Samoans The failure of the Oloa Kamupani and the punishments meted out to the Samoan leaders for defying German authority was still haunting the Samoans The worst affected was Mata afa losefo whose status as Alii Sili Primary or Greater Chief was diminishing as the Faipule closer to Self were consulted on important Samoan matters The Mau a Pule also provided an opportunity for Lauaki Namulau ulu Mamoe to regain some of his authority and to reunite Samoa under Samoan control The Mau a Pule was not just a reaction to the German administration but a cry and a call for Samoan independence Chapter Five is entitled A Ramshackle Administration and Samoan Expectations This chapter looks at New Zealand's administration of Samoa from 1914 to 1926 It takes a brief look at the Samoans' reaction to New Zealand's arrival and Germany's departure because of World War I New Zealand's ramshackle administration caused some animosity among the Samoans and Europeans especially New Zealand's role in the 1918 influenza epidemic which took many Samoan lives The chapter highlights how New Zealand dealt with Samoan rejection and Samoans called for New Zealand's removal The year 1926 marked the beginning of an era in which Samoan nationalism began to surface and New Zealand's competency as administrator declined For the Samoans the Germans' first fourteen years as administrators compared to New Zealand's first fourteen years was paradise Chapter Six is entitled An Administrative Blunder and The Logan Moore Debate This is a case study taken out of the New Zealand administration period The 1918 influenza epidemic blunder cost many Samoan lives and New Zealand its credibility to administer other nations The lack of positive action and immediate medical assistance only highlighted the incompetence of the New Zealanders The Samoans were furious and from that time harboured angry sentiments that would surface again and again in their future dealings with New Zealand The pain for the Samoans was not just a result of the epidemic but also Colonel Robert Logan's Samoa's administrator insensitivity in his attack on the LMS mission especially the missionary Elizabeth Moore and the Samoans This chapter looks at the impact of

Logan's actions and Moore's reactions and how the Samoans perceived their verbal confrontation in relation to New Zealand's irresponsibility Chapter Seven is entitled Political Incompetence and Samoan Nationalism This chapter continues the story that ended in Chapter 5 It highlights the beginning and expansion of the Mau movement and how it became the vehicle for nationalistic fervour and independence aspirations The chapter highlights the close working relationship between Samoans and other members of the community especially the half castes It discusses New Zealand's reaction to Samoan nationalism and also looks at the efforts of those outside Samoa to promote Samoan grievances The chapter looks at the various petitions drawn up and sent to New Zealand England America and the League of Nations later replaced by the United Nations a sign of determination to gain independence Chapter Eight is entitled Samoan Patriotism and the Emergence of the Mau Church This chapter focuses mainly on the relationship of the Mau and the Samoan LMS Church at a specific time in the history of the Samoan Church when the involvement of the Mau in the Samoan LMS Church was at its height 1928 1931 Although the relationships between the three main mission societies were cordial they sometimes deteriorated into hatred and spite These attitudes were ultimately transferred onto the Mau Samoan LMS Church conflict especially when the Catholics stood in opposition to the Samoan LMS Church The other minor denominations such as the Mormons and the Seventh Day Adventists had very little influence on the Mau The period covered saw the Mau and the Samoan LMS Church unite to form the Mau Church The alliance formed a strong foundation for propagating Mau beliefs The alliance also questioned the continuing existence and the control the LMS mission had on the Samoan LMS Church The issue of the Samoan LMS Church taking control of its religious life surfaced again during this period to haunt the LMS missionaries Chapter Nine is entitled Chinese in Paradise and Indentured Labour Problems This chapter covers a period that stems from the German era to just after the end of World War II The previous chapters act as a background to the Chinese problem and the chapter itself will help fill some of the gaps in the previous chapters
