for Modern Health Care

Fifth Edition

A detailed 3D illustration of various blood components. In the foreground, several large, biconcave red blood cells are shown in shades of red and pink. Interspersed among them are smaller, white, spherical white blood cells with a spiky or granular surface. The background is a soft-focus field of more red blood cells, creating a sense of depth and movement. The overall color palette is dominated by reds, pinks, and blues, with a bright light source from the left creating highlights and shadows on the cells.
