focus on SEO SEO is great You need to apply the rules to rank and feature on the first page However how good is a number  
one position when most of your traffic is bouncing off your pages Three elements must feature in a successfully written post  
First you must grab attention Second you must stir interest and curiosity Third you must sustain curiosity When a link is  
broken readers skim your content they hardly click on your affiliate offers and consequently they just leave to other websites  
So with all the SEO work you're still not converting your traffic This particular aspect that many writers shy away from is  
what this book is about How to create written content that converts How do you write in a way that will make me want to
