Baudrillard Now Ryan Bishop, 2009-08-17 The writings of Jean Baudrillard have dramatically altered the face of critical theory and promise to pose challenges well into the 21st century His work on simulation media the status of the image the system of objects hyperreality and information technology continues to influence intellectual work in a diverse set of fields This volume uniquely provides overviews of Baudrillard's career while also simultaneously including examples of current works on and with Baudrillard that engage some of the many and varied ways Baudrillard's work is being addressed deployed and critiqued in the present As such it offers chapters useful to the novice and the well versed in critical theory and Baudrillard Studies alike Contributors to the volume include John Armitage John Beck Ryan Bishop Doug Kellner John Phillips and Mark Poster No less controversial today than he was in the past Baudrillard continues to divide intellectuals and academicians an issue this volume addresses by re engaging the writing itself without falling into either simplistic dismissal or solipsistic cheerleading but rather by taking the fecundity operative in the thought and meeting its consistent challenge Baudrillard Now provokes sustained interaction with one of philosophy's most important provocative and stimulating thinkers

The End of Television? Elihu Katz, Paddy Scannell, 2009-09-17 Is television dead The classic television era of the 1950s and 1960s characterized by limited choices of programs broadcast on over the air channels to families as if they were seated around a hearth and to a nation as if gathered around a campfire has indeed ended That early stage of sharedness and scarcity gave way to the television of plenty when satellite and cable and competition reigned choice was suddenly expanded and every room in the home had its own television set And now television offers infinite choices where we can view what we like when

we like where we like on a variety of screens telephones and Web sites Some researchers assert that television is not dead but has merely moved from a collectivist to an individualist phase Throughout the drastic evolution of this media thousands of studies have examined the short term effects of television such as the evaluation of persuasion campaigns Yet there is scant research on the overreaching sociological impacts of television and its centrality to Western culture over the past 60 years This compelling volume of *The ANNALS* is the first collection of rigorous articles devoted to studying ways in which television has impacted our values ideologies institutions social structure and culture Focusing on classic television these leading experts in media studies delve into the effects on social institutions namely family and politics and its effects on values and everyday behavior These seminal articles lay the groundwork for innovative studies of the numerous ways that television has impacted democracy social integration nation and family trust and suspiciousness materialism and identity social and physical Students and researchers will find a wealth of inspiration for new research projects It is a must have resource for social scientists interested in media studies
