## Remembrances And Reflections:

*Memories and Reflections* Laura Troubridge, Lady Laura Gurney Troubridge, 1925      **Memories and Reflections, 1852-1927** Herbert Henry Asquith, 1928      **Some Memories and Reflections** Emma Eames, 1927      **Memories and Reflections** Eric Christopher Djamson, 2000      Memories and Reflections Marshal Stearns, 1935      *Remembrance and Reflection*, 1997      **Remembrances and Reflections** Estill Franklin Allen, 1999      *Memories and Reflections* Sampūrṇānanda, 1962      **Remembrance Day Plays for Schools and Communities**, 2010-08-04 The historical plays in this resource contain age appropriate content that can be used to engage children in the stories of the struggles sacrifices and triumphs that Canadians of all walks of life endured in the dark and dangerous days of wartime      Memories and Reflections Ben Tillett, 1931      *The Responsibility People* William McKinney, 1994 Eighteen senior leaders of Protestant churches and national ecumenical agencies reflect on church leadership The result of a seminar convened by the Hartford Seminary's Center for Social and Religious Research in 1989 in Hartford Connecticut this book provides a variety of contributors reflections on church and social issues and their hopes for the future      Good Times, Bad Times, Ugly Times... That's Life! Gene Jackson, 2005 Rich in memories of family values and traditions the author reflects on his experiences and relationships while growing up during the Great Depression At an early age he entered the military to get away from home and surroundings that bred poverty Upon leaving the military the author enters a full time ministry only to leave it in order to enter the secular realm as an educator entrepreneur and farmer Continuing his search for fulfillment and challenge the book describes how the author gives up farming to become an executive officer with a company in a specialty market This venture takes him to many far away places and several trips around the world before semi retirement      **Popular Memories** Ekaterina V. Haskins, 2015-03-11 A critical exploration of the ways public participation has transformed commemoration and civic engagement in the United States In the last three decades ordinary Americans launched numerous grassroots commemorations and official historical institutions became more open to popular participation In this first book length study of participatory memory practices Ekaterina V Haskins critically examines this trend by asking how and with what consequences participatory forms of commemoration have reshaped the rhetoric of democratic citizenship Approaching commemorations as both representations of civic identity and politically consequential sites of stranger interaction Popular Memories investigates four distinct examples of participatory commemoration the United States Postal Service's Celebrate the Century stamp and education program the September 11 Digital Archive the first post Katrina Carnival in New Orleans and a traveling memorial to the human cost of the Iraq War Despite differences in sponsorship genre historical scope and political purpose all of these commemorations relied on voluntary participation of ordinary citizens in selecting producing or performing interpretations of distant or recent historical events These collectively produced interpretations or popular memories in turn prompted interactions between people inviting them to celebrate to mourn or to bear witness The book's

comparison of the four case studies suggests that popular memories make for stronger or weaker sites of civic engagement depending on whether or not they allow for public affirmation of the individual citizen's contribution and for experiencing alternative identities and perspectives. By systematically accounting for grassroots memory practices, consumerism, tourism, and rituals of popular identity, Haskins's study enriches our understanding of contemporary memory culture and citizenship.

**REMEMBRANCE** George Kilbourne, 2013-07. The oral history of a family never matches up with the written word. As a result, when a person dies who has the basic information, much of the history dies with that person. Gone are the horse thieves, rascals, and real characters who make up the gene pool of the present generation; gone are the do-gooders who never created a fuss or stirred a wave. They are forgotten along with the horse thieves, and yet all of them left an impression and were part of the history of the family. In an effort to pass on what was said, these words are being written. They may not amount to much, but at least they will contribute to the knowledge of the present and future generations. Maybe it can make something of it. Personages are not consciously romanticized; they are treated as they are recalled or as was related. If in the telling they are made to seem more important than they were or if they were given a mantle of gentility that they don't deserve, it wasn't done consciously. All one can do is tell it like it is, hope that it is admired for its honesty, if not for its comfort, and hope that the effort is appreciated. It should also be recognized that what I recall or what made an impression on me as to any event may have been recalled entirely differently by one of my siblings or what we were told may have been recalled entirely differently. After all, that is the nature of oral history: recorded a half a century plus later, I have read some of the incidents of each of my parents' youths and have the effort that each made to record some of them. Both are just a few pages long. I have no doubt, however, that to them they record what each recalled as being important in their lives and that their writings record the things that they recalled and wanted to pass on to their children, grandchildren, and subsequent generations. And yet each is but a single chapter. Mother doesn't mention, for instance, what she said and did when I was recording our conversation about the dirty ballad that she knew. Actually, it was quite tame and, in contrast to present-day rap, didn't begin to hold its own. And for dad, some of the most interesting stories are best left untold. My father was very closed-mouthed about his youth, and it wasn't until he was almost ninety that he opened up about some things. As to others, I had to wait until he was in his grave before I learned them and learned them then from my siblings. He specifically avoided telling me about certain things. I recall specifically that I was given some of the stories by dad's younger brother when I was sixteen years old. When I laughingly told them to dad, his comment was, "Roy never should have told you that. Some families don't pass on the rich history and heritage that they have." In my own case, having been preceded in death by my elder son and not being sure of the interest of my other son, this effort is made for the benefit of my other relatives. They have asked me about it; at least some of them have. I make no apologies for the lack of notable Americans I started to say great Americans, but that would have been wrong. All of my forebears were Great Americans. It's just that they were never recorded as such or noted. The history speaks for itself. **The**

**Sumner Story** Wilma F. Bonner,2011-01-01 For the first three quarters of the twentieth century in the heart of our nation there thrived a safe haven which nurtured great aspirations of thousands of African American youth and their families The Sumner Story highlights the history of a segregated high school which became recognized for the stellar academic performance of its students Highly qualified faculty who believed in the students ability to achieve prepared them for a world of competition hard knocks compromises and closed doors The story also denotes and illuminates outstanding career successes of alumni In a socially and economically segregated nation black students who had a Sumner like experience were very fortunate because their schools served as clear windows and powerful springboards to promising possibilities In this regard nine other segregated high schools are reviewed Insights can be gained from this story on how to resolve the plight of low performing schools in socially and economically disadvantaged communities
