Bonnie Thomas,2006-01-01 Breadfruit or Chestnut examines gender construction comparatively across the fiction of contemporary writers of Guadeloupe and Martinique In particular it explores the construction of gender identity by six authors three male and three female who have never been brought together in a study of this issue Rather than following the trend of studying theory and cultural identity in the central male writers and of studying women s writing in the works of the female writers Thomas expertly blurs these traditional boundaries in order to present an unexplored aspect of identity In addition to illuminating women s conception of gender this work examines the male equivalent and how each gender observes and perceives the other Breadfruit or Chestnut not only contextualizes the primary literature but also draws on

contemporary theoretical debates surrounding feminism subjectivity and postcolonialism The combination of literary and historical tools of analysis allows for a deeper probing into gender relations in the French Caribbean **Women Changing Work** Patricia W. Lunneborg,1990-04-23 This is a study of women s behavior in the workplace Based on more than 200 interviews Documents the unique ways that feminists have predicted and perceived that women would perform men s jobs It presents three viewpoints those of the literature the views of the women interviewed and the views of the author
