**Spearmasters** Molefi Kete Asante, Emeka Nwadiora, 2007-04-26 Spear Masters contends that in Africa there exists only one religion with a vast array of denominations African religion is expressed in a different way by each of the denominations which creates confusion for those who believe that there are more than one African religion Spear Masters presents information about some of the larger and most significant expressions of the sole African religion so that the reader will understand the relationship between God the creator and the notions of the relationship with the family and community The term spear master relates to the integrity and ethics that had to accompany the maker and user of the spear in ancient African societies The essence of religion presented in Spear Masters is the deification of one's society and nation and making sacred the traditions and rituals of the ordinary lives of the people [Union List of Serials in Libraries of the United States and Canada](#), 1961 *Congo made in Flanders?* Bambi Ceuppens, 2004 Dit boek levert een eerste aanzet tot het in kaart brengen van de Vlaamse gemeenschap in Belgisch Congo na de Tweede Wereldoorlog In het eerste deel staat vooral de invloed van Vlaamsgezindheid op Congolese culturen etniciteiten en talen centraal In het tweede deel van het boek wordt de aandacht verschoven naar het post koloniale Vlaanderen Tijdens de koloniale periode dachten Nederlandstaligen dat zij minder racistisch waren tegenover Congolezen dan Franstaligen In het post koloniale België hoort men vaak beweren dat Nederlandstaligen racistischer zijn dan Franstaligen hoewel als voorwerp van dat racisme eerder moslimimmigranten en hun afstammelingen worden vernoemd dan Congolezen Het boek analyseert racisme als een meervoudig complex fenomeen in relatie met de verschillende politieke en economische machtsverhoudingen in het koloniale Congo en het post koloniale Vlaanderen *Opposing Colonialism, Antisemitism, and Turbo-Nationalism* Marina Gržinić, Jovita Pristovšek, 2019-11-25 This volume gathers together reflections on racism and nationalism empowerment and futurity It focuses on collective amnesia in regards to traumatic events of the European past and the ways in which memory and history are presented for the future The essays cover and oppose the seemingly disparate genocides committed during Belgian colonialism Austrian antisemitism and turbo nationalism in Republika Srpska Bosnia and Herzegovina implying by no means a homogenization of the experiences What connects these historical situations is the fact that despite available documents to this very day nation states are built on practices of oblivion regarding their past This volume is indispensable for theoreticians philosophers and historians as well as the general public It expresses the demand to critically question our inherited knowledge and to rethink the past for a new future of conviviality **The Leopard, the Lion, and the Cock** Matthew Stanard, 2019-04-15 Thought provoking reflection on culture colonialism and the remainders of empire in Belgium after 1960 The degree to which the late colonial era affected Europe has been long underappreciated and only recently have European countries started to acknowledge not having come to terms with decolonisation In Belgium the past two decades have witnessed a growing awareness of the controversial episodes in the country's colonial past This volume examines the long term effects and legacies of the colonial

era on Belgium after 1960 the year the Congo gained its independence and calls into question memories of the colonial past by focusing on the meaning and place of colonial monuments in public space The book foregrounds the enduring presence of empire in everyday Belgian life in the form of permanent colonial markers in bronze and stone lieux de m moire of the country s history of overseas expansion By means of photographs and explanations of major pro colonial memorials as well as several obscure ones the book reveals the surprising degree to which Belgium became infused with a colonialist spirit during the colonial era Another key component of the analysis is an account of the varied ways in which both Dutch and French speaking Belgians approached the colonial past after 1960 treating memorials variously as objects of veneration with indifference or as symbols to be attacked or torn down The book provides a thought provoking reflection on culture colonialism and the remainders of empire in Belgium after 1960
