Operations Management A Personal Skills Handbook:

Operations Management D. T. Johns, H. A. Harding, 1989 *Sport Facility Operations Management* Eric C. Schwarz, Stacey A. Hall, Simon Shibli, 2015-06-05

Anybody working in sport management will be involved in the operation of a sports facility at some point in their career. It is a core professional competency at the heart of successful sport business. *Sport Facility Operations Management* is a comprehensive and engaging textbook which introduces cutting edge concepts in facilities and operations management including practical guidance from professional facility managers. Now in a fully revised and updated second edition which introduces new chapters on capital investment and operational decision making, the book covers all fundamental aspects of sport facility operations management from a global perspective including ownership structures and financing options, planning, design and construction processes, organizational and human resource management, financial and operations management, legal concerns, marketing management and event planning, risk assessment and security planning, benchmarking and performance management. Each chapter contains newly updated real world case studies and discussion questions. Innovative Technology Now features and step by step guidance through every element of successful sport facilities and operations management while an expanded companion website offers lecture slides, a sample course syllabus, a bank of multiple choice and essay questions, glossary, flashcards, links to further reading and appendices with relevant supplemental documentation. With a clear structure running from planning through to the application of core management disciplines, *Sport Facility Operations Management* is essential reading for any sport management course.

A Guide to Administering Distance Learning, 2021-09-06 Winner of the Distance Education Book Award. Listen to the podcast. The rapid rise of e learning worldwide means that campuses are creating new positions in distance learning leadership, often at the vice president or vice provost level. Frequently those applying for such positions are recently graduated doctoral students or faculty members who have never served in administration. Unlike any other book to date, this *Guide to Administering Online Learning* provides easy access to an overview of tasks to be accomplished or maintained and perspectives to consider in order to direct dynamic online initiatives. In it, experienced distance learning teachers and administrators share their insights regarding what must be done to administer effective online learning, including theoretical insights as well as practical principles. They provide comprehensive guidelines for addressing issues and needs that distance learning administrators currently face: barriers to adoption, policies, legalities, ethics, strategic planning, emerging technologies, design of professional development, management of the course development process, quality assurance, student support and recruitment and marketing. This book is a timely offering from those who have effectively led distance learning initiatives for those who are interested in leading distance learning for the next generation of learners. Each chapter includes questions, prompts or activities to help readers relate the concept to their own experiences.

Business Planning: A Guide to Business Start-Up David Butler, 2007-06-07. A readable and structured guide for the increasing numbers of people

each year who consider setting up a small business or becoming self employed Business Planning outlines the options and risks involved in setting up a business The importance of thorough planning is often overlooked and only becomes evident if the business fails This is highlighted in a recent study by the SFEDI of 486 bankers and accountants where lack of planning was the most common reason cited as to why businesses fail Business Planning shows how to avoid this failure by focusing on the planning stage and building on this framework as the business develops This is the only book based around the Small Firms Enterprise Development Initiative SFEDI for first time owner managers It contains all the underpinning factual information required to prepare and present a successful Business Plan for presentation to a bank manager or an alternative potential source of finance or for use in an NVQ portfolio It is in line with the major syllabuses for Business Start Up and can be used as a course book for anyone completing a formal NVQ level 3 qualification in this area with tips on NVQ structure and assessment
