Joe** R. L. Stine,1986 **The New World Order** Rafal Col Publishing, A New World Order one government a police state those are some of the things that have been going on for a long time Find out what the government has been doing for many years They can t hide everything And one of the things we can do is to educate ourselves and let others know Little by little our liberties are taken away using terror and fear to think that we don t need liberties that we need the government to be safe Not so This is just part of a bigger plan that has been in the making for many years
