Operation Thunder Child S S Int Nike Pope,Nick Pope,2000-02 The truth can only be told in fiction a novel by the British government s UFO expert Cover

Operation Lightning Strike Nick Pope,2000 The aliens say they come in peace but evidence suggests otherwise An alien spacecraft is making its way towards Earth It will arrive within weeks The government and military are helpless to contain the increasingly desperate situation and must concede to the aliens intention to inhabit the Earth offering partnership in return for colonisation without bloodshed But chances of peaceful settlement are soon swept aside when a powerful sub group known only as The Enterprise unleashes a biological weapon of mass destruction against the aliens They hold out the prospect of a vaccine if the aliens capitulate and hand over their ship And now in a battle between two intelligent life forms to gain control of the Earth the future is uncertain and the possibility of mass extermination grows ever closer

The NASA Conspiracies Nick Redfern,2010-12-20 A journalist specializing in conspiracy theories examines the US government s role in censoring information about the space program and alien lifeforms The National Aeronautics and Space Administration NASA was established on July 29 1958 Ever since that day NASA has been at the forefront of efforts to explore outer space resulting in the Apollo missions to the moon the Skylab space station and today s space shuttle But behind the open face of NASA there is a much more mysterious world NASA has been linked to a wealth of high level cover ups including Claims that the Apollo moon landings of 1969 to 1972 were faked as part of an effort to demonstrate military and technological superiority over the former Soviet Union NASA s role in hiding the truth about the controversial face on Mars which many believe to be a carved structure created in the remote past by long extinct indigenous Martians NASA s deep and longstanding involvement in the famous UFO crash at Roswell New Mexico in the summer of 1947 Deep Throat like NASA sources that have attempted to

blow the lid on NASA's most guarded secrets concerning the U.S. Government's interactions with aliens. The NASA
Conspiracies throws open all the doors that the Space Agency has kept closed for so long. **True Stories of Space
Exploration Conspiracies** Nick Redfern, 2014-07-15 For many space and its exploration are a source of constant wonder.
When following space missions and learning about the information that's been gathered or gazing up at the stars and
considering what lies beyond our atmosphere, our solar system, indeed the very universe, the questions that arise are nearly
endless. Now consider the possibility that some of what has been learned in space has been kept from the public. Perhaps
there is convincing evidence that we are not alone after all. Author Nick Redfern takes on these mysteries with a compelling
page-turner that will have readers reconsidering what they thought they knew about space. *You Can't Tell the People*
Georgina Bruni, Nick Pope, 2011-12-12 This is the casebook of the world's only officially recognized UFO encounter that took
place in the UK in December 1980. Previous accounts of the Rendlesham Forest incident have been flawed: people with axes
to grind and little access to primary sources and discreditable single eyewitness accounts. Georgina Bruni has had access to
police, Ministry of Defence and US military sources, and her casebook reveals fresh information on the incident and the
possible alien encounter that ensued. It includes interviews with those involved as well as other never-before-reported
incidents in the area. The casebook also reveals details of the aftermath and the harsh treatment meted out to those who
wavered from the "don't ask, don't tell" line of officialdom. While twenty years have passed, she brings new light to this story
that just won't go away. Major General Gordon E. Williams, USAF Retired. [Encounter in Rendlesham Forest](#) Nick Pope, John
Burroughs, Jim Penniston, 2014-04-15 In 1980 a UFO was tracked on military radar in Rendlesham Forest, England. It landed
near two of the most strategically important military bases in NATO and was approached by military witnesses who touched
the hull. This explosive new book, perfect for fans of Annie Jacobsen's *Area 51* and Leslie Kean's *UFOs*, tells the full story of
this incident, which is set to become better known than Roswell. Written by Nick Pope, an international bestselling author and
former government UFO investigator working closely with John Burroughs and Jim Penniston, the two officers at the heart of
the encounters, this book reveals the first-hand witnesses' full stories for the first time and is supported by numerous
formerly classified documents obtained under the Freedom of Information Act. Burroughs and Penniston are well known in
the believer community and are enthusiastic about promoting the book with Pope. An ex-Ministry of Defense official, Pope is
the only government UFO investigator to have gone on the record on this subject. He has a huge US media profile as a UFO
expert, making him the perfect person to team with Burroughs and Penniston to write and promote this book. The inside story
of these events and their aftermath will change people's perceptions about the UFO mystery and about the true role played
by government, the military, and the intelligence agencies. **Sessional Papers**, 1887 Report of the Dominion fishery
