

OPO performance

- OPO performance metrics vary by less than 2-fold across DSAs
- Geographic disparities are not correlated with organ procurement organization performance
[Gentry et al. Liver sharing and organ procurement organization performance. *Liver Transplantation* 21(3) 2015]
- If all OPOs had 100% conversion rate, huge differences in supply and demand would remain
- OPO performance improvements can increase transplants but can not resolve geographic imbalance in supply and demand
