Opportunities For Belief And Behavior:

Beliefs, Behaviors, & Results Scott Gillis, Lee Mergy, Joe Shalleck, 2013 For any CEO who wants to achieve and sustain superior shareholder value growth All chief executives want to deliver superior returns for their shareholders however only a few have been able to do so on a sustainable basis Beliefs Behaviors and Results profiles how the best Fortune 200 CEOs have been able to outperform their peers and sustain superior shareholder returns by institutionalizing a set of beliefs and behaviors in their organizations Through the words and case examples of these leading chief executives the authors capture the five core principles that have transformed the performance of some of the world's best corporations Readers will learn how the CEOs of these companies united their organizations around a common definition of winning how they helped their managers capture a greater share of market profits and how they established a culture where all managers think and act like entrepreneurial owners Readers will learn how the best executives Look at markets differently to identify new profitable growth opportunities Develop strategic innovations that are at least as valuable as new product innovations in driving shareholder value growth Establish a reinvestment advantage that is difficult for competitors to match Sustain superior performance over time In addition the reader will learn the Common mistakes that prevent most management teams from maximizing profitable growth and shareholder value Specific actions that all senior managers can take to materially change sustainable performance of their corporation

Parenting Beliefs, Behaviors, and Parent-Child Relations Kenneth H. Rubin, Ock Boon Chung, 2013-09-05 The purpose of this book is to present a rather simple argument Parents thoughts about childrearing and the ways in which they interact with children to achieve particular parenting or developmental goals are culturally determined Within any culture children are shaped by the physical and social settings within which they live culturally regulated customs and childrearing practices and culturally based belief systems The psychological meaning attributed to any given social behavior is in large part a function of the ecological niche within which it is produced Clearly it is the case that there are some cultural universals All parents want their children to be healthy and to feel secure However healthy and unhealthy at least in the psychological sense of the term can have different meanings from culture to culture
