Memory Jug:

Memory Jug Patricia A. Martin, 1998 Since Mack's father died in a fire Mack, her mother and her sister have led a nomadic life free of relationships. When they start to settle in Homer's Cove Mack sees other people as intruders. She feels that it hurts too much to lose people so she doesn't want to become friendly with anybody. But proving that no man or child is an island Mack eventually opens up to the people around her and realizes that though people may leave there will always be a place for them in her memories.

Memory Jugs: Change and Continuity in a Traditional American Art Form Jennifer Priscilla Hornby, 2010 *Memory Jugs: Continuity and Change in a Traditional American Art Form* examines the evolution of the memory jug practice in the United States from the late eighteenth century to present day. I argue that Congo African ritual objects known as minkisi are responsible for the origin of the memory jug. Ways of thinking about and using objects that can be observed in minkisi are used to strengthen the previously established analogy between memory jugs and African American grave decoration. The concept of memory is explored as it becomes increasingly influential to the memory jug practice in the twentieth century. Four nineteenth to twentieth century memory jugs are analyzed in comparison to oral interviews from three contemporary memory jug artists. By considering the larger context of memory jugs before and after they were created, strictly as commemorative objects for the deceased, memory jugs are better understood.

The New Encyclopedia of Southern Culture Carol Crown, Cheryl Rivers, Charles Reagan Wilson, 2013-06-03 Folk art is one of the American South's most significant areas of creative achievement and this comprehensive yet accessible reference details that achievement from the sixteenth century through the present. This volume of *The New Encyclopedia of Southern Culture* explores the many forms of aesthetic expression that have characterized southern folk art, including the work of self-taught artists as well as the South's complex relationship to national patterns of folk art collecting. Fifty-two thematic essays examine subjects ranging from colonial portraiture, Moravian material culture and southern folk pottery to the South's rich quilt-making traditions.

We Are Made of Stories Leslie Umberger, 2022-10-04 A richly illustrated history of self taught artists and how they changed American art Artists without formal training who learned from family community and personal journeys have long been a presence in American art But it wasn't until the 1980s with the help of trailblazing advocates that the collective force of their creative vision and bold self definition permanently changed the mainstream art world In *We Are Made of Stories* Leslie Umberger traces the rise of self taught artists in the twentieth century and examines how despite wide ranging societal racial and gender based obstacles they redefined who could be rightfully seen as an artist and revealed a much more diverse community of American makers Lavishly illustrated throughout *We Are Made of Stories* features more than one hundred drawings paintings and sculptures ranging from the narrative to the abstract by forty three artists including James Castle Thornton Dial William Edmondson Howard Finster Bessie Harvey Dan Miller Sister Gertrude Morgan the Philadelphia Wireman Nellie Mae Rowe Judith Scott and Bill Traylor The book centralizes the personal stories behind the art and explores enduring themes including self definition cultural heritage struggle and joy and inequity and achievement At the same time it offers a sweeping history of self taught artists the critical debates surrounding their art and how museums have gradually diversified their collections across lines of race gender class and ability Recasting American art history to embrace artists who have been excluded for too long *We Are Made of Stories* vividly captures the power of art to
