Think
Safety
First

On the playground, leave necklaces and clothing with drawstrings at home to reduce strangulation hazards. Don't play on slides or other surfaces that are burning hot.

While playing sports, biking, skateboarding or riding a scooter to school, use your head, and wear a helmet!

Heads up! When walking don't text or talk on the phone. Distracted walking is dangerous!

controversial policies in Chinese minority education concerns the so called inland ethnic minority schools or classes in Han
inhabited areas in China Since 2000 boarding Xinjiang Classes have been established in the eastern cities of China for high
school students from the Xinjiang Uyghur Autonomous Region in order to educate young Uyghur and other ethnic minority
students through the national curricula Although the Xinjiang Classes are supposed to promote ethnic integration between
the Muslim Uyghur minority and the Han majority there often remains a gap between the stated policy goal and its actual
implementation Guided by the theoretical framework of social capital analysis this book therefore examines how Uyghur
students in the Xinjiang Classes respond to the school goal of ethnic integration Chen conceptualizes the process of Uyghur
students responses to the school goal of ethnic integration as social recapitalization While their former social capital from
families or communities in Xinjiang is constrained in the boarding school Uyghur youths are able to develop independent and
new social capital to facilitate their schooling Nonetheless they lack bridging social capital which makes the goal of ethnic
integration more difficult to achieve **California Safety News** California. Division of Industrial Safety,1920 **Manual**
