Modern Bulgaria:

Modern Bulgaria Georgi Bokov, 1981 **A Short History of Modern Bulgaria** R. J. Crampton, 1987-03-12 This survey of Bulgaria traces its history from the liberation from the Ottoman Empire to 1985 **Stefan Stambolov and the Emergence of Modern Bulgaria, 1870-1895** Duncan M. Perry, 1993 Little known in the United States but increasingly important in the affairs of southeastern Europe Bulgaria is a land with a stormy history No less stormy is the story of Stefan Stambolov who ruled the country during some of its most turbulent years Duncan M Perry's biography of Stambolov the first in English in the twentieth century illuminates the life motives and personality of this major figure Perry begins with Bulgaria in the tumultuous years immediately following its founding in 1878 After the ousting of the country's first prince Stambolov enters the stage as the fiery young lawyer who restored him to the throne Although the prince promptly abdicated Stambolov stepped into the breach and led the nation during the interregnum Perry traces this patriotic politician's transformation into an authoritarian prime minister He shows how Stambolov stabilized the Bulgarian economy and brought relative security to the land but not without cost to himself and his regime Perry depicts a man whose promotion of Bulgaria's independence exacted its price in individual rights a ruler whose assassination in 1895 was the cause of both rejoicing and sorrow Stambolov thus emerges from these pages as a complex historical figure an authoritarian ruler who protected his country's liberty at the cost of the people's freedom and whose dictatorial policies set Bulgaria upon a course of stability and modernization An afterword compares the Bulgarian liberation era of Stambolov with the communist era dictator Todor Zhikov analyzing similarities and differences **Balkan Smoke** Mary C. Neuburger, 2012-10-04 This fascinating book explores the history of tobacco and tobacco culture in Bulgaria from the mid 19th century when the country became partially and then fully independent from the Ottoman Empire to the postcommunist present Neuburger argues convincingly that smoking and the production of tobacco products played an important if not the key part in Bulgaria's political economic and cultural modernization during this period Summing Up Highly recommended Choice In *Balkan Smoke* Mary C Neuburger leads readers along the Bulgarian Ottoman caravan routes and into the coffeehouses of Istanbul and Sofia She reveals how a remote country was drawn into global economic networks through tobacco production and consumption and in the process became modern In writing the life of tobacco in Bulgaria from the late Ottoman period through the years of Communist rule Neuburger gives us much more than the cultural history of a commodity she provides a fresh perspective on the genesis of modern Bulgaria itself The tobacco trade comes to shape most of Bulgaria's international relations it drew Bulgaria into its fateful alliance with Nazi Germany and in the postwar period Bulgaria was the primary supplier of smokes the famed Bulgarian Gold for the USSR and its satellites By the late 1960s Bulgaria was the number one exporter of tobacco in the world with roughly one eighth of its population involved in production Through the pages of this book we visit the places where tobacco is grown and meet the merchants the workers and the peasant growers most of whom are Muslim by the

postwar period Along the way we learn how smoking and anti smoking impulses influenced perceptions of luxury and necessity questions of novelty imitation value taste and gender based respectability While the scope is often global Neuburger also explores the politics of tobacco within Bulgaria Among the book s surprises are the ways in which conflicts over the tobacco industry and smoking help to clarify the forbidding quagmire of Bulgarian politics
