The Modern Lurcher Michael Shaw, 1985-01-01 **Practical Lurcher Breeding** , Our Debt to the Dog Bryan D. Cummins, 2013-11-07 When Homo sapiens sapiens met Canis lupus lupus millennia ago the result was Canis lupus familiaris the domestic dog Since that fateful encounter the dog has become arguably humankind s greatest creation The domestic dog is the most widely distributed species other than ourselves in the world being found virtually wherever people live and is also the most diversified of species with literally hundreds of recognized breeds While we have shaped the dog it too has helped shape human history in innumerable ways Our Debt to the Dog is a critical historical and cross cultural examination through the use of case studies of this most improbable 15 000 year relationship and an exploration of how this relationship shaped the history of the world It is also very much an apology to the dog because over the course of the partnership horrific acts were perpetrated against it intentionally and otherwise Our Debt to the Dog enriches our understanding of the dog and extends our appreciation for the profound complexity of past and present human canine relationships and the dog s contributions to our lives and our world **The Rival Widows, Or, Fair Libertine (1735)** Mrs. Cooper (Elizabeth), 2013-01-01 Elizabeth Cooper s *The Rival Widows or Fair Libertine* provides a unique opportunity to restore to scholarly and pedagogical attention a neglected female writer and a play with broad and significant implications for studies of eighteenth century history culture and gender Following the adventures of Lady Bellair a glowing joyous young Widow the storyline regenders standard expectations about desire marriage libertinism and sentiment The play has not been reprinted since 1735 therefore this old spelling edition gives scholars access to an important but neglected resource for studies of women writers and eighteenth century theatre In an original and extensive introduction Tiffany Potter presents cultural and historical information that highlights the scholarly implications of this newly available play She offers a brief biographical sketch of the playwright a summary of sources for specific elements of the play an overview of the theatrical climate of the time with particular focus on the conditions leading to the Licensing Act of 1737 a discussion of the place of women in eighteenth century society a summary of symbiotic cultural discourses of libertinism and sensibility in the early eighteenth century and a discussion of the general cultural significance of Cooper s demonstration of the malleability of prescriptive gender roles Further value is added to this edition through its appendices which reproduce documents relating to the playwright Elizabeth Cooper and to the Licensing Act of 1737 including the text of the Act itself In Pursuit of Coney David Brian Plummer, 2001-04 **The Dog in Health and Disease** John Henry Walsh, 1872 **The Dog, in Health and Disease.
