Schlock Value:

Schlock Value Richard Roeper, 2005-02-01 A hilarious collection of essays riffs and lists that celebrate the insanity of Hollywood for anyone who loves the movies Richard Roeper like the rest of us adores the movies In this uproarious off beat book he gives us a whole new set of critical lenses for assessing the movies and the people and the industry that make them With his characteristic acerbic wit he weaves short essays with lists that work together to explain where Hollywood succeeds and where it so often frustrates disappoints and fails us But while Roeper devotes most of the book to mockery and ridicule this book is in the end a love letter to film Some of the essays and lists included in Schlock Value Comical statistical breakdowns including career batting averages of actors Reviews of Hollywood finances including budgets salaries and ticket prices A proposed moratorium on pet projects e g Kevin Costner s *The Postman* or John Travolta s *Battlefield Earth* The age differences between Woody Allen and his various leading ladies Actors appearing around the world in television commercials including a list of the biggest stars that do overseas commercials and the products they push Schlock Value is the perfect book for anyone who loves grumbling and complaining about the movies but still can t help spending their weekends and evenings in front of the screen

Dismemberment in Drama / Dismemberment of Drama Lance Norman, 2021-02-03 Dismemberment in Drama Dismemberment of Drama is an essay collection which considers the dramatic possibility contained in the images and narratives of dismemberment frequently recurring on the western stage The Classical Tragedies of Sophocles and Euripides the Romanticism of Kleist the surrealism of Artaud and the contemporary drama of Suzan Lori Parks and Marina Carr are just some of the fractured and fragmented bodies analyzed in this collection Both individually and in concert the contributors ask what a dismembered body means Such an inquiry allows them to confront dismemberment as a theoretical category which understands such twentieth century innovations as the Theatre of Cruelty the Epic Theatre the Open Theater and documentary theatre as part of a long dramatic tradition Dismemberment in drama examines the tenuous bond between representation and the object being represented by highlighting the dismemberment of

drama as a form that occurs during drama's repeated theorizations of its own enactment There is a conflict between disintegration and unity inherent in mimesis theatrical phenomenology and performance Random Walks David Solway,1997 The first section of the book develops Solway's approach to literature starting from the assumption that genuine criticism requires the intellectual freedom to range at will across the literary landscape rather than restricting one's direction based on what is current fashionable or politically correct Solway argues that advocating a theoretical school postmodernism poststructuralism semiotics new historicism Marxist revisionism or queer theory generally involves abandoning the real critical project which is the discovery of one's own undetermined motives dispositions and interests as reflected in the secret mirrors embedded in literary texts Instead Solway pursues what he calls elective criticism writing that enables the critical writer to freely discover his or her own identity a concept that he claims cannot reasonably be diluted relinquished or deconstructed In the second section Solway practices what he preaches exploring a wide range of authors and subjects His essays include an analysis of Franz Kafka's *The Trial* as a Jewish joke a personal memoir of Irving Layton an interpretation of Erin Moure's *Pronouns on the Main* an examination of language in William Shakespeare's romances a reading of Robert Browning's *My Last Duchess* that is sympathetic to the Duke an assertion that James Joyce has more in common with the traditional novelist than with the professional post modern alienator and an exploration of Jonathan Swift's sartorial imagery that contends that form is the source of substantive identity **Popular Photography** ,1995-12 **The Publishers Weekly** ,2005 **Camp Grounds** David Bergman,1993 Sixteen essays explore the relationship between style and homosexuality showing how camp has made its way into every aspect of cultural life theater popular music opera film and literature **Verve** ,1996 *N.
