Franz J Dahlkamp

Orphan In The Sands:

Orphan in the Sands Virginia Haroutunian, 1995 An account of the author's life as daughter of Victoria Haroutunian survivor of the Armenian genocide Includes accounts of other survivors and their families Orphan's Quest Pat Nelson Childs, 2007 Rokey a poor orphan has lived his entire life sheltered within the walls of the Noble Contemplative Monastery At 17 Rokey is discovering that while his roommate Ely can think only of girls his own feelings draw him toward other boys instead When he is expelled and an unknown enemy tries to kill him Rokey's thoughts return to the riddle of his parentage

Lasting Legacy to the Carolinas Robert Franklin Durden, 1998 Like the majority of the founders of large philanthropic foundations in the United States James B Duke assumed that the Duke Endowment which he established in 1924 would continue its charitable activity forever Lasting Legacy to the Carolinas is an examination of the history of this foundation and the ways in which it has and has not followed Duke's original design In this volume Robert F Durden explores how the propriety of linking together a tax free foundation and an investor owned profit seeking business like the Duke Power Company has significantly changed over the course of the century Explaining the implications of the Tax Reform Act of 1969 for J B Duke's dream Durden shows how the philanthropist's plan to have the Duke Endowment virtually own and ultimately control Duke Power which in turn would supply most of the Endowment's income dissolved after the death of daughter Doris Duke in 1993 when the trustees of the Endowment finally had the unanimous votes needed to sever that tie Although the Endowment's philanthropic projects higher education including Duke University hospitals and health care orphan and child care in both North and South Carolina and the rural Methodist church in North Carolina continue to be served this study explains the impact of a century of political and social change on one man's innovative charitable intentions It is also a testimony to the many staff members and trustees who have invested their own time and creative energies into further benefiting these causes despite decades of inevitable challenges to the Endowment This third volume of Durden's trilogy relating to the Dukes of Durham will inform not only those interested in the continuing legacy of this remarkable family but also those involved with philanthropic boards charitable endowments medical care child care institutions the rural church and higher education Orphan Island Rose Macaulay, 1925 In 1855 a philanthropic young person Miss Charlotte Smith was escorting forty orphans to San Francisco when the ship was wrecked and the survivors Miss Smith the orphans a doctor and some others landed on a desert island Those sailors who had escaped deserted them the next day in the boats There they remained unvisited for some seventy years with little to disturb the monotony beyond the adventures of the Doctor who was secured in turn by Miss Smith and a shark All this is contained in chapter one The second chapter opens in 1922 at Cambridge where lived the descendants of one of the sailors who deserted a professor and his three children A document and chart coming into the professor's hands left by his dead grandfather telling the story of the marooning of Miss Smith and the orphans the professor and his family voyage out to the island and find there a thriving community and Orphan Island is
