Robert Armin and Shakespeare's Performed Songs Catherine A. Henze, 2017-06-26 After Robert Armin joined the Chamberlain's Men singing in Shakespeare's dramas catapulted from 125 songs and 995 lines of singing per play to 344 songs and 2975 lines of singing a virtually unnoticed phenomenon In addition many of the songs became seemingly improvisatory similar to Armin's personal style as an author and solo comedian In order to study Armin's collaborative impact this interdisciplinary book investigates the songs that have Renaissance music that could have been heard on Shakespeare's stage They occur in some of Shakespeare's most famous plays including *Much Ado About Nothing* *Twelfth Night* *Hamlet* and *The Tempest* In fact Shakespeare's plays as we have them are not complete They are missing the music that could have accompanied the plays songs Significantly Renaissance vocal music far beyond just providing entertainment was believed to alter the bodies and souls of both performers and auditors to agree with its characteristics directly inciting passions from love to melancholy By collaborating with early modern music editor and performing artist Lawrence Lipnik Catherine Henze is able to provide new performance editions of seventeen songs including spoken interruptions and cuts and rearrangement of the music to accommodate the dramatist's words Next Henze analyzes the complete songs words and music according to Renaissance literary and music primary sources and applies the new information to interpretations of characters and scenes frequently challenging commonly held literary assessments The book is organized according to Armin's involvement with the plays before during and after the comic actor joined Shakespeare's company It offers readers the tools to interpret not only these songs but also vocal music in dramas by other Renaissance playwrights Moreover Robert Armin and Shakespeare's Performed Songs written with non-specialized terminology provides a gateway to new areas of research and interpretation in an increasingly significant interdisciplinary field for all interested in Shakespeare and early modern drama

Some Other Note Ross W. Duffin, 2018-01-09 English comedy from the fifteenth to the early seventeenth century abounds in song lyrics but most of the original tunes were thought to have been lost until now By deducing that playwrights borrowed melodies from songs they already knew Ross W Duffin has used the existing English repertory of songs both popular and composed to reconstruct hundreds of songs from more than a hundred plays and other stage entertainments rendering them performable with period music for the first time in five hundred years
