Sharing Wisdom A Process For Group Decision Making:

Sharing Wisdom Mary Benet McKinney, 1987 For any person in a parish who must participate in some form of group decision making It shows that a faith filled approach to group work can help bring about a sense of church for everyone in parish ministry

Sharing Wisdom Mary Benet McKinney, 1998 *Talking Treason in Church* Joseph P. Marren M.A., 2009-12 Draws from the practices of the first three centuries of the Catholic Church to provide a plan to restore the sacraments and governance of the Church to lay people s hands Marren contends that the present hierarchy of the Catholic Church have disqualified themselves as leaders of the Church by their total lack of communication with the laity their outrages against children their failure to admit guilt or do penance for those crimes and their arrogance in electing themselves to the posts they hold without consulting the laity Their writ has expired Instead of elections which tend to divide people into warring camps this book recommends consensus decision making which draws on ancient Christian tradition to discern the Church s leaders What s in this book Church history and theology from a lay viewpoint the first practical handbook for lay reform of the Church a return to early Church custom before priesthood began mass and the sacraments restored to lay celebrations lay people returned to full membership in the Church the groundwork laid for the popular election of bishops the mass made widely available in the Third World women brought to the table now as mass presiders celibacy eliminated as a requirement for mass presiders Vatican II s promises fulfilled for the people of God for lay people a long sought control over hierarchy and an indispensable toolkit for committed Catholics

Knowledge Technology and Systems Yoshiteru Nakamori, 2023-07-15 This book discusses technology and systems to create valuable ideas from data through the construction of knowledge The primary concern is to make better decisions about economic and management issues in today s information flooded society Human creative activity is in the realm of soft technology with no physical entity to operate Focusing on the ability of knowledge as judgment power this definition results Knowledge technology is soft technology that underpins the human creative activities of converting data and information into knowledge creating new ideas based on that knowledge and validating those ideas That definition includes a wide range of soft technologies developed in informatics management studies and systems science The knowledge system creates ideas from data and knowledge through knowledge technologies Based on the proposition that knowledge emerges by the interaction between explicit and tacit knowledge another definition is possible The knowledge system is a

system that promotes interaction between codified and personalized knowledge and creates ideas for solving a specific problem Codified knowledge includes data and information while personalized knowledge is empirical knowledge or wisdom that is difficult to put into words Building a knowledge system requires mathematical or intelligent knowledge technology and participatory knowledge technology to create or manage codified knowledge and personalized knowledge For example a company builds cross sectional knowledge systems by gathering human resources from various departments according to the purpose as in new product development or sales promotion Chapter 1 defines knowledge technology and the knowledge system and organizes the challenges in their development while Chapters 2 through 9 introduce mathematical or intelligent knowledge technologies by researchers at the forefront of knowledge technology development
