Urban Homelands Lindsey Claire Smith, 2023-10 2024 Choice Outstanding Academic Title Finalist for 2024 Oklahoma Book Award Oklahoma is bound to both the South and the Southwest and their legacies of conquest and Indigenous survivance At the same time mobility ingenuity cultural exchange and creative expression all part of the experience of urbanization have been fundamental to people of the tribes that call this place home Tulsa New Orleans and Santa Fe with their importance in histories of geopolitical upheaval and mobility that shaped the establishment of the United States are key to uncovering the history of urbanization experienced by Native Americans from Oklahoma Urban Homelands while examining the overlooked histories of Oklahoma Indigenous urbanization relative to these regions engages literature and film as not just mirrors of experience but as producers of it Lindsey Claire Smith brings the work of three time poet laureate Joy Harjo into conversation with the great Cherokee playwright Lynn Riggs and breakout filmmaker Sterlin Harjo Flying in the face of civic landmarks and settler histories that at once obscure Native origins and appropriate Native culture for tourism this creative reclaiming of Indigenous cities points toward the productive possibilities of recognizing untold urban histories and the creative relationships with urban space itself **Reconstructing the Native South** Melanie Benson Taylor, 2012-01-15 In *Reconstructing the Native South* Melanie Benson Taylor examines the diverse body of Native American literature in the contemporary U S South literature written by the descendants of tribes who evaded Removal and have maintained ties with their southeastern homelands In so doing Taylor advances a provocative even counterintuitive claim that the U S South and its Native American survivors have far more in common than mere geographical proximity Both cultures have long been haunted by separate histories of loss and nostalgia Taylor contends and the moments when those experiences converge in explicit and startling ways have yet to be investigated by scholars These convergences often bear the scars of protracted colonial antagonism appropriation and segregation and they share preoccupations with land sovereignty tradition dispossession subjugation purity and violence Taylor poses difficult questions in this work In the aftermath of Removal and colonial devastation what remains for Native and non Native southerners to be recovered Is it acceptable to identify an Indian lost cause Is a deep sense of hybridity and intercultural affiliation the only coherent way forward both for the New

South and for its oldest inhabitants And in these newly entangled postcolonial environments has global capitalism emerged as the new enemy for the twenty first century Reconstructing the Native South is a compellingly original work that contributes to conversations in Native American southern and transnational American studies Ethnic American Literature Dean J.
