
INTRODUCTION: MUCH ADO ABOUT NOTHING?

Elisabetta Gualmini and Eleonora Pasotti

Now that the time has come to make an overall assessment of 2010, it can be said that no new elements have emerged to contradict what Ernesto Galli Della Loggia, a commentator who cannot be suspected of preconceived hostility toward the center-right, had written in the middle of the year: on the one hand, we cannot yet speak of a final crisis for Silvio Berlusconi or of the end of Berlusconiism, but on the other hand the country can hold up a list of “results that are, to say the least, unsatisfying.”¹

Halfway through the 16th Legislature, after a turbulent summer and internal conflicts within the majority, leading to the “divorce” between Gianfranco Fini and Silvio Berlusconi, it was to be expected that the government’s hold would be severely put to the test. The confidence vote of 14 December and the ensuing unraveling of *Futuro e Libertà per l’Italia* (FLI, Future and Freedom for Italy), which was to become even more evident in the first weeks of 2011, put the damper on any prospect of a technical or of a national unity government, thereby solidifying a very peculiar bipolar dynamic. Berlusconi’s government has survived, proving resistant to any blows—even to “Rubygate” and to the huge street demonstrations on 13 February 2011. It continues to survive without, however, succeeding in introducing structural reforms. The “liberal revolution,” which had been so often and loudly proclaimed, seems destined to remain on paper only. Italy is ever more divided between geographical areas and social categories—the young and the adult population, women and men, workers with permanent positions and those with temporary work, the North and the South. In addition, it continues to rely on a fragile and outdated mix of factors:
