Reading Abstract Expressionism Context And Critique:

Reading Abstract Expressionism Ellen G. Landau, Richard Pipes, 1991-04-24 Abstract Expressionism is arguably the most important art movement in postwar America Many of its creators and critics became celebrities participating in heated public debates that were published in newspapers magazines and exhibition catalogues This up to date anthology is the first comprehensive collection of key critical writings about Abstract Expressionism from its inception in the 1940s to the present day

Composing Ambiguity: The Early Music of Morton Feldman Alistair Noble, 2016-05-23 American composer Morton Feldman is increasingly seen to have been one of the key figures in late twentieth century music with his work exerting a powerful influence into the twenty first century At the same time much about his music remains enigmatic largely due to long standing myths about supposedly intuitive or aleatoric working practices In *Composing Ambiguity* Alistair Noble reveals key aspects of Feldman s musical language as it developed during a crucial period in the early 1950s Drawing models from primary sources including Feldman s musical sketches he shows that Feldman worked deliberately within a two dimensional frame allowing a focus upon the fundamental materials of sounding pitch in time Beyond this Feldman s work is revealed to be essentially concerned with the 12 tone chromatic field and with the delineation of complexes of simple proportions in crystalline forms Through close reading of several important works from the early 1950s Noble shows that there is a remarkable consistency of compositional method despite the varied experimental notations used by Feldman at this time Not only are there direct relations to be found between staff notated works and grid scores but much of the language developed by Feldman in this period was still in use even in his late works of the 1980s

The Art and Politics of Asger Jorn Karen Kurczynski, 2017-07-05 A leading figure of the postwar avant garde Danish artist Asger Jorn has long been recognized for his founding contributions to the Cobra and Situationist International movements yet art historical scholarship on Jorn has been sparse particularly in English This study corrects that imbalance offering a synthetic account of the essential phases of this prolific artist s career It addresses his works in various media alongside his extensive writings and his collaborations with various artists groups from the 1940s through the mid 1960s Situating Jorn s work in an international post Second World War context Karen Kurczynski reframes our understanding of the 1950s away from the Abstract Expressionist focus on individual expression toward a more open ended conception of art as a public engagement with contemporary culture and politics Kurczynski engages with issues of interest to twenty first century artists and scholars highlighting Jorn s proposition that the sensory address of art and its complex relationship to popular media can have a direct social impact Perhaps most significantly this study foregrounds Jorn s assertion that creativity is crucial to subjectivity itself in our increasingly mediated Society of the Spectacle

Abstract Painting and the Minimalist Critiques Matthew L. Levy, 2019-05-07 This book undertakes a critical reappraisal of Minimalism through an examination of three key painters Robert Mangold David Novros and Jo Baer By establishing their substantive engagements with Minimalist discourse as well as their often overlooked

artistic exchanges with their sculptor peers it demonstrates that painting crucially informed the movement's development serving not only as an object of critique but also as a crucible for its most central tenets It also poses broader disciplinary implications as it historicizes and challenges Minimalism's death of painting critiques that have been so influential to theories of modernism and postmodernism in the visual arts *Where Heaven and Earth Meet* W. Stoker, 2012-01-01 Art has always been important for religion or spirituality Secular art displayed in museums can also be spiritual and it is this art that is the subject of this book Many of the works of art produced by Wassily Kandinsky Mark Rothko Andy Warhol and Anselm Kiefer are spiritual in nature These works reveal their own spirituality which often has no connection to official religions Wessel Stoker demonstrates that these artists communicate religious insights through images and shows how they depict the relationship between heaven and earth between this world and a transcendent reality thus clearly drawing the contours of the spirituality these works evince **Sublime Art** Stephen Zepke, 2017-11-22 Provides new perspectives on women's print media in interwar Britain *The Transcendental Sublime in Contemporary Art* Nandita Mukand, 2015-04-21 Essay from the year 2013 in the subject Art Miscellaneous grade A course BA Hons Fine Arts language English abstract In Robert Rosenblum's book *Modern Painting and the Northern Romantic Tradition* Friedrich to Rothko Rosenblum traces a continuing tradition in art from the 18th century to the 1960s which centres upon the term sublime In the past many artists amongst them Caspar David Friedrich Turner Wassily Kandinsky Mark Rothko Barnett Newman and theorists amongst them Edmund Burke Immanuel Kant Jean Francois Lyotard have explored the transcendental nature of the sublime in art Today we live in an age that prides itself on the loss of illusion Ideas of transcendence in art are often seen as sentimental and viewed with skepticism The word sublime seems to be stripped down to the shock of the new often centered on horror This essay explores how the transcendental sublime is situated in contemporary art The transcendental sublime will here refer to how looking at a work of art can enable one to be transported going beyond the given limits to a place of accessing one's spiritual side Art that has used shock and terror to achieve a sense of the sublime will be excluded from this discussion Artists, Critics, Context Paul F. Fabozzi, 2002 *Artists Critics Context* is an anthology of readings on American art and culture that begins in the 1940s with Abstract Expressionism and the Cold War and ends in the 1990s with the ubiquity of video installations and the broad cultural changes arising from technological developments in telecommunications and biotechnology Preface pg ix **Bookforum**, 2005 William Carlos Williams, Frank O'Hara, and the New York Art Scene Paul R. Cappucci, 2010 To explore the depth of the literary connection between William Carlos Williams and Frank O'Hara particularly in relation to their American roots this book examines their distinct responses to Abstract Expressionism or the New York School artists Although an outsider to this movement Williams paid attention to its increasing popularity and ultimately valued its importance in the progression of American art As an insider O'Hara functioned as a vital critic and promoter of this group Foremost among the artists discussed here are Jackson Pollock Robert Motherwell and David Smith Examining Williams's
