

of a commodity is mediated
namely through its relationship

use-value becomes the form of manifestation
phenomenal form form of its opposite; value

It would be possible to write quite a history
inventions made since 1830, for the sole
supplying capital with weapons against
of the working class

on the one hand it presents itself historically as
progress and as a necessary phase in the economic
development of society, on the other hand it is a
refined and civilized method of exploitation

Reading Capital Politically

as the number of co-ops... do does their
sistance to the domination of capital

the material conditions to blow this foundation sky high

The simplest commodity-form contains the whole
secret of the money-form and with it, in embryo,
of all the bourgeois forms of the product of labour

Harry Cleaver

Reading Capital Politically

Reading Capital Politically:

Reading Capital Politically Harry Cleaver, 1979 33 Lessons on Capital Harry Cleaver, 2019-10-20 This book provides an up to date reading of Capital Volume I emphasizing the relevance of Marx's analysis to everyday twenty first century struggles Harry Cleaver's treatise outlines and critiques Marx's analysis chapter by chapter His unique interpretation of Marx's labour theory of value reveals how every theoretical category of Capital designates aspects of class struggle in ways that help us resist and escape them At the same time while rooted within the tradition of workerism he understands the working class to include not only the industrial proletariat but also unwaged peasants housewives children and students A challenge to scholars and an invaluable resource for students and activists today *Reading 'Capital' Today* Ingo Schmidt, Carlo Fanelli, 2017-04-20 Recent years have seen a surge of interest in Marxian political economy and especially Marx's great work Capital 150 years after the book's original publication are there readings of Capital that can help us find new pathways to progressive or revolutionary change In this wide ranging new volume leading thinkers reflect on Capital's legacy its limitations and its continuing relevance for today highlighting issues including ecology gender race labour communism the Third World and imperialism The contributors also aim to identify the connections between Capital and various socialist projects of the past and draw lessons from those experiences that might contribute to the reinvention of socialist politics today Contributors include Ingo Schmidt Carlo Fanelli William Pelz Anej Korsika Prabhat Patnaik Silvia Federici Paul Thompson Chris Smith Peter Gose Justin Paulson Jeff Noonan Hannah Holleman and Peter Hudis *Marx and the Politics of Need* George Boss, 2026-02-17 Marx and the Politics of Need challenges one of the most pervasive habits in contemporary political theory and practice treating needs as moral facts that sit outside of our politics and which can be used to judge it Against this depoliticising impulse George Boss offers a provocative re reading of Marx's writings on need interpreting them not as didactic statements of an abstract philosophy but as subversive interventions and provocations inseparable from his radical political activism Re read in this way those writings take on new hitherto unexplored dimensions Building on them Boss develops a distinctive Marxian framework that recasts needs as constitutively political exposing the conflicts stakes and possibilities that shape how needs are defined contested and met The result is a fresh deeply political perspective on human need at a time when the politics of need is both increasingly urgent and increasingly unruly Opening up what had become ossified and closed down in contemporary social thought the book thus fashions new opportunities for radical political agency and portends new social possibilities As such it will appeal to scholars of politics sociology and philosophy exploring Marxist thought economic justice and the political dimensions of human need The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license Reading Capital Louis Althusser, Etienne Balibar, 2009-06-09 Establishing a rigorous program of symptomatic reading that cuts through the silences and lacunae of Capital to reveal its

philosophical core Louis Althusser interprets Marx's structural analysis of production as a revolutionary break the basis of a completely new science Building on a series of Althusser's conceptual innovations that includes overdetermination and social formation tienne Balibar explores the historical and structural facets of production as Marx understood them scrutinizing many of the most fundamental points in Capital as though for the first time **How to Read Marx's Capital** Stephen Shapiro,2008-03-20 Capital Volume I is essential reading on many undergraduate courses but the structure and style of the book can be confusing for students leading them to abandon the text This book is a clear guide to reading Marx's classic text which explains the reasoning behind the book's structure and provides help with the more technical aspects that non economists may find taxing Students are urged to think for themselves and engage with Marx's powerful methods of argument and explanation Shapiro shows that Capital is key to understanding critical theory and cultural production This highly focused book will prove invaluable to students of politics cultural studies and literary theory Literacy Research for Political Action and Social Change Mollie V. Blackburn,Caroline T. Clark,2007 This book and its contributors all of whom view literacy research as explicitly political and potentially transformative provide images and approaches that show how work with in the local can and must be connected to global issues in order to effect political action Researchers and educators are urged to take activist stances that directly affect and address the needs of all people across lines of race class ethnicity sexuality and gender The book is organized into three parts each focusing on different aspects of literacy research for political action These include theoretical considerations and methodological approaches that support this work a reconsideration of the roles of participants as collaborators in this kind of literacy research and finally examples of projects specifically aimed at addressing global issues through local research for political action *Reading Capital Today* Ingo Schmidt,Carlo Fanelli,2017 150 years after the publication of Marx's Capital this edited collection explores the book's relevance today Working the Phones Jamie Woodcock,2016-11-20 Shortlisted for the BBC Radio 4 Thinking Allowed Award for Ethnography 2017 Winner of the 2016 Labor History Best Book prize Over a million people in the UK work in call centres and the phrase has become synonymous with low paid and high stress work dictatorial supervisors and an enforced dearth of union organisation However rarely does the public have access to the true picture of what goes on in these institutions For Working the Phones Jamie Woodcock worked undercover in a call centre to gather insights into the everyday experiences of call centre workers He shows how this work has become emblematic of the shift towards a post industrial service economy and all the issues that this produces such as the destruction of a unionised work force isolation and alienation loss of agency and ominously the proliferation of surveillance and control which affects mental and physical well being of the workers By applying a sophisticated radical analysis to a thoroughly international 21st century phenomenon Working the Phones presents a window onto the methods of resistance that are developing on our office floors and considers whether there is any hope left for the modern worker today **Crisis and Class War in Egypt** Sean F.

McMahon,2016-10-15 In 2011 capital s crisis erupted in Egyptian society This eruption and subsequent politics have been misrepresented as revolutionary as the working class was and is increasingly so devalued and disempowered In *Crisis and Class War in Egypt* Sean F McMahon critically analyses Egypt s recent political history He argues that the so called revolution was the appearance of capital s destruction of the value of the Egyptian working class and an existential crisis for capital In response productive capital in the form of the military used disposed of and replaced its junior partners in governing first the predatory capital of the Mubarak state with the commodity capital of the Muslim Brotherhood and then commodity capital with the finance capital of the Gulf Cooperation Council These reconfigurations have been expressed in all manner of reactionary governmental arrangements including constitutions legislation and currency reform Extending today s analysis into the near future McMahon sees the war of Egyptian society intensifying and increasingly violent lives for Egyptian workers

Cutting Edge Jim Davis,Thomas Hirschl,Michael Stack,1997 The rapid expansion of laborless production systems creates enormous instability Money previously paid in wages is spent on technology Workers lose jobs to robotic intelligence and therefore have no money to buy the goods produced by the technology CUTTING EDGE provides an up to the minute analysis of the complex relations between technology and work and how jobs and living standards can be protected

Capital and Labour: a paper read before the literary section and general members of the Nottingham and County Liberal Club, and to delegates from operatives' trade societies, ... also seven nights' discussion thereon, ... and Mr. W.'s reply W. G. WARD (Esqr.),1874 Capital & Class ,2007 *Capital (a Critique of Political Economy)* Karl Marx,1930 Political Geography Kevin R. Cox,2005 In line with the tremendous growth in the study of political geography since the 1970s this impressive collection charts the historical growth of the discipline as well as the major themes of post 1970s developments The Theory of Political Economy, Etc William Stanley JEVONS,1924 **The Legislative Manual and Political Register of the State of North Carolina** ,1874 *Capital and Labour: a Paper Read Before the Literary Section and General Members of the Nottingham and County Liberal Club* William George Ward,1874 The Philosophy of Antonio Negri - Volume One Timothy S. Murphy,Abdul-Karim Mustapha,2005-05-20 Outstanding contributors include Pierre Macherey Charles Wolfe Alex Callinicos and Judith Revel **What to Read** Plebs League,1923

Reading Capital Politically Book Review: Unveiling the Magic of Language

In an electronic digital era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever. Its power to stir emotions, provoke thought, and instigate transformation is actually remarkable. This extraordinary book, aptly titled "**Reading Capital Politically**," written by a highly acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound impact on our existence. Throughout this critique, we will delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.
