Oh No, It's Hippo! Nick Crombie,2000 Oh No, It's Hippo! Nick Crombie,2000 **Blogs, Bombs, and Boobytraps** Gina Sanford,2011 **Harry the Hippo's Mud Pie** Kelly Johnson,2025-07-20 In Harry the Hippos Mud Pie by Kelly Johnson cheerful and creative Harry the Hippo wakes up one sunny jungle morning with a delightfully messy idea to make the biggest most magnificent mud pie the jungle has ever seen Filled with excitement Harry sets off on a joyful adventure through the lush vibrant forest to gather special ingredients like soft leaves crunchy twigs and colorful flowers to decorate his squishy creation Along the way hes joined by his spirited jungle friends Polly and Pedro the parrots Benny the bird Millie the monkey and Lily the lemur who all lend their energy and talents to help bring Harrys muddy masterpiece to life With teamwork laughter and a lot of splashing the friends mix mold and decorate the pie turning an ordinary patch of mud into a whimsical symbol of friendship fun and jungle magic **A Life Other Men Only Dream about** Richard Nelson,2006-09 Nelson self described as a guy who had way too much fun has a lunatic appetite for having a good time And a good time he has whether rafting the Omo River in Ethiopia scuba diving in the Marshall Islands walking on hippos in Tanzania or cavorting with penguins in Antarctica And let us not forget the skydiving hand gliding and hot air ballooning Prepare yourself for one hell of a ride 20/20 Blindsight Busser Howell,2013-02-04 At the age of fifteen Busser Howell lost 98 percent of his vision At the age of forty he lost the remaining 2 percent Were the story to end there you would likely not be entirely shocked as this type of circumstance is not that uncommon But this is not the whole story not by a long shot You see Howell is an artist a painter to be exact And prior to being a professional working artist in New York City he was a partner and worked twenty four years in an interior design and restoration business Possibly even more amazing than his breaking of our stereotypes of the blind is the fact that he is not alone Interviewing other blind artists to discover each person s particular point of view and what kind of descriptions work for them author and blind artist Busser Howell s debut is an extraordinary look into a world never before seen or understood from the point of view of the visually challenged Beginning by examining the concepts of creativity perception touch and accessibility Howell engages the vibrant boundless minds of fifteen visually impaired artists to mine their thoughts feelings and understanding to piece together a common thread of experience It is the artists telling their story their preferences and dislikes and their ability despite their blindness to tap into sight s brain based function to see and comprehend our world and its contents An enlightening and fascinating journey into the artistic process as seen by those whose vision is either severely impaired or altogether absent Howell s impressive collection of writings and interviews is a probing examination of the artistic process and the nature of art itself Evocative and inspiring Blindsight is a deeply moving passage that documents the journey of visual artists as they transition from the visual input of the outside world to the output of their inner vision transcending blindness into the light of creativity American Medical Journal ,1912 **The Strand Magazine** Herbert Greenhough Smith,1910 **My Child, the Algorithm** Hannah Silva,2024-08-27 Hannah Silva s My

Child the Algorithm is one of the best books I read this year Merging the cozy familiarity of child rearing with the mysterious tension of AI she has created a new genre of personal narrative and a story whose grief hope and curiosity takes on poetic spiritual dimensions even when exploring the most common chambers of the human heart Michelle Tea author Knocking Myself Up My Child the Algorithm tells a story of finding joy after betrayal Like a male seahorse Hannah Silva carried a baby made from her partner s egg But when she gave birth her partner left and Hannah found herself navigating life alone with her child Hannah started playing with a precursor to ChatGPT wondering what AI could tell us about love To her surprise she was moved by the results The algorithm prompted Hannah to share her explorations of dating sex friendship and life as a queer parent in London With the help and disruption of two unreliable narrators a toddler and an algorithm Hannah deconstructs her story unraveling everything she has been taught to want and finds alternative ways of thinking loving and parenting today The Strand Magazine ,1910 **Giant-land** Richard M H.
