Eric Voegelin

Published Essays 1922 1928:

Published Essays Eric Voegelin, 2003 Eric Voegelin 1901 1985 was one of the most original and influential philosophers of our time Born in Cologne Germany he studied at the University of Vienna where he became a professor of political science in the Faculty of Law In 1938 he and his wife fleeing Hitler immigrated to the United States They became American citizens in 1944 Voegelin spent much of his career at Louisiana State University the University of Munich and the Hoover Institution at Stanford University During his lifetime he published many books and more than one hundred articles The *Collected Works of Eric Voegelin* will make available in a uniform edition all of Voegelin s major writings In some thirty four volumes the *Collected Works* will include the monumental never before published *History of Political Ideas* important published essays not previously collected in book form or published only in German previously unpublished essays selected correspondence translations of seven books four of them never before available in English and the five volume *Order and History* [The Collected Works of Eric Voegelin: Published essays, 1922-1928](#) Eric Voegelin, 1989 [The Collected Works of Eric Voegelin, Volume 27, Nature of the Law and Related Legal Writings](#) Eric Voegelin, 1991 **The Drama of Humanity and Other Miscellaneous Papers, 1939-1985** Eric Voegelin, 2004 **Published Essays, 1929-1933** Eric Voegelin, 2004 Annotation Eric Voegelin 1901 1985 was one of the most original and influential philosophers of our time Born in Cologne Germany he studied at the University of Vienna where he became a professor of political science in the Faculty of Law In 1938 he and his wife fleeing Hitler immigrated to the United States They became American citizens in 1944 Voegelin spent much of his career at Louisiana State University the University of Munich and the Hoover Institution at Stanford University During his lifetime he published many books and more than one hundred articles The *Collected Works of Eric Voegelin* will make available in a uniform edition all of Voegelin s major writings [Selected Correspondence 1950-1984](#) Eric Voegelin, 2007 Voegelin s Munich years while not without controversy can be seen as the most successful time in his life as well as his most creative and prolific as a political philosopher During that time Voegelin worked on volume IV of *Order and History* and the letters written to successive directors of the Louisiana State University Press as well as to friends and colleagues give a vivid account of the changing nature of this seminal project Voegelin s letters written between 1969 and 1984 provide compelling evidence of the intellectual vigor that characterized his work throughout his life and continued virtually undiminished until the last weeks before his death Voegelin s realism his sharp wit and his superbly developed sense of irony remain evident in the correspondence throughout all these years *The Collected Works of Eric Voegelin, Volume 29: Selected Correspondence, 1924-1949* , [Teaching in an Age of Ideology](#) John von Heyking, Lee Trepanier, 2013 This volume explores the role of some of the most prominent twentieth century philosophers and political thinkers as teachers It examines how these teachers conveyed truth to their students against the ideological influences found in the university and society Philosophers from Edmund Husserl and Hannah Arendt to political thinkers like Eric Voegelin and Leo Strauss and their

students such as Ellis Sandoz Stanley Rosen and Harvey Mansfield are in this volume as teachers who analyze denounce and attempt to transcend ideology for a more authentic way of thinking What the reader will discover is that teaching is not merely a matter of holding concepts together but a way of existing or living in the world The thinkers in this volume represent this form of teaching as the philosophical search for truth in a world deformed by ideology **Order and History**

Eric Voegelin,2001 Selected Book Reviews Eric Voegelin,2001 This volume of The Collected Works contains essays published by Eric Voegelin between 1929 and 1933 the period between the publication of his first book On the Form of the American Mind and Hitler s rise to power as well as Voegelin s two books analyzing the explosive race issues posed by National Socialism The essays herein reflect the intellectual and political tumult of the period and their author s maturing grasp of political reality as he moved away from positivism and Kelsen s Pure Theory of Law toward a more refined and open philosophical stance The heart of this shift is signaled by his emphasis on philosophical anthropology and on the decisive importance of the moral substance basic to political communities The topics of the essays are grouped around major themes in sociological theory political science and the theory of law They illuminate the theoretical and practical impact of Voegelin s experiences in America as he increasingly engages European theories of state especially the social theories of leading French and German scholars In content these essays include such pragmatic concerns as American theories of property economic transactions due process of law and Austrian constitutional reforms Book Jacket Selected Correspondence, 1924-1949

Eric Voegelin,2009 This volume contains selected correspondence written by Eric Voegelin during the period 1924 to 1949 The Editorial Board of the Collected Works of Eric Voegelin agreed from the beginning that a representative number of Voegelin s letters should complete the edition in an attempt to provide the reader with insights into Voegelin s intellectual life and into the fundamental experiences that went into shaping the growth of his personality It was the board s aim to select material in accordance with the guidelines that Voegelin himself laid down as fundamental to a hermeneutical understanding of spiritual reality Voegelin wrote that in studying a thinker one must try to elucidate the biographical radices of philosophizing He said that one must penetrate to the experiences that impel him toward reflection and do so because they have excited consciousness to the awe of existence Voegelin made these remarks on the occasion of conducting anamnetic experiments which reveal the motivational center of his own life At the core of Voegelin s concept of political science is a noetic interpretation of man society and history that confronts the conception of order prevalent in the surrounding society with the criteria of the critical knowledge of order From the 1930s onward Voegelin labored to find a satisfactory self reflexive explication of the principles of a contemplative understanding of human reality one grounded in the spiritual experience of reason Naturally it is the published word that determines a thinker s scholarly stature But Voegelin s letters also grant insight into the development of his thought document the author s struggle with himself the telos of his scholarship and reveal an often involuntary conflict with his life world These letters shed light on an ongoing and open ended

thought process from which a multifaceted sometimes apparently contradictory work emerged Because of the enormous number of letters that Voegelin wrote in his later years now published in the second volume of the Selected Correspondence Volume 30 of the Collected Works the editors agreed that these books would contain only letters from Eric Voegelin While such a selection of letters cannot provide the completeness that the publication of both dialogue partners would provide nevertheless they reveal Voegelin's ongoing reflection on human affairs They reveal patterns of thought and their development in the atmosphere of intimate communication that personal and intellectual elective affinities produce and they also disclose the silences that accompany such discourse This volume is certain to interest all readers concerned with political theory and with better understanding of Voegelin's intellectual pilgrimage from his earliest academic years to his emergence as one of the most significant philosophers of our time
